ANNEXURE – II

DISTRIBUTION OF MARKS FOR CONTINUOUS COMPREHENSIVE ASSESSMENT (CCA) IN EACH COURSE IN EACH YEAR

1. Minor Test : 15 Marks
2. Class Tests, Tutorials /Assignments : 10 Marks
3. Attendance : 5 Marks

Total Marks : 15+10+5 = 30 Marks

(1) Distribution of marks for conducting Minor Test

Note: Time permitted for conducting minor test shall be 1 hour.

Two types of questions will be set in Minor Test:

i) Ten MCQ’s of ½ mark each = 5 marks.
ii) Two questions of 5 marks each (2X5=10) of short answer type.

Total marks of Minor Test = 5+10 = 15

Attendance: 5 marks (as per University rules)
ANNEXURE – III

Paper Setting Scheme for Term End Examination for NHE-Core, NHE (Discipline Specific) DSE & Generic Elective (GE) (Annual)

Maximum marks: 50  Minimum marks: 18  Maximum time: 3 hrs.

1. Instructions for Paper setters:
The question paper will consist of 5 sections:

   A. Compulsory
   B. Unit I
   C. Unit II
   D. Unit III
   E. Unit IV

Section A: It will be a compulsory question consisting of 18 marks with 3 very short answer type questions of 2 marks each and 4 short answer type questions of 3 marks each covering the entire syllabus.

Section B: There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Section C: There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Section D: There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Section E: There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Total marks: 18+8+8+8+8 = 50

2. Instructions for the students:
The students are required to attempt 5 questions in all. One compulsory question from section A and selecting one question from each of the sections B, C, D and E of the question paper.
ANNEXURE – IV

Distribution of marks for Continuous Comprehensive Assessment for Skill Enhancement Courses (SEC) from II\textsuperscript{nd} year onwards:

1. Minor Test : 15 Marks
2. Class Tests, Tutorials /Assignments : 10 Marks
3. Attendance : 5 Marks

Total Marks : 15+10+5 = 30 Marks

(2) Distribution of marks for conducting Minor Test

Note: Time permitted for conducting minor test shall be 1 hour.

Two types of questions will be set in Minor Test:

(i) Ten MCQ’s of \(\frac{1}{2}\) mark each = 5 marks.
(ii) Two questions of 5 marks each (2X5=10) of short answer type.

Total marks of Minor Test = 5+10 = 15

Attendance: 5 marks (as per University rules)

Paper Setting Scheme for Term End Examination for Skill Enhancement Course (SEC)

Maximum marks: 70 Minimum marks: 25 Maximum time: 3 hrs.

1. Instructions for Paper setters:

The question paper will consist of 5 sections:

A. Compulsory
B. Unit I
C. Unit II
D. Unit III
E. Unit IV

Section A: It will be a compulsory question consisting of 22 marks with 5 very short answer type questions of 2 marks each and 4 short answer type questions of 3 marks each covering the entire syllabus.

Section B: There will be two questions of 12 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Section C: There will be two questions of 12 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.
Section D: There will be two questions of 12 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Section E: There will be two questions of 12 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Total marks: 22+12+12+12+12 = 70

2. Instructions for the students:
The students are required to attempt 5 questions in all. One compulsory question from section A and selecting one question from each of the sections B, C, D and E of the question paper.
ANNEXURE – V

Paper Setting Scheme for Term End Practical Examination for NHE-Core, NHE (Discipline Specific) DSE & Generic Elective (GE) (Annual)

Maximum marks: 20          Minimum marks: 8          Maximum time: 3 hrs.

1. **Instructions for Paper setters and candidates:**

   Laboratory examination will consist of three parts:
   
   (i) Performing a practical exercise assigned by the examiner – 10 marks
   
   (ii) Viva voce examination – 5 marks

   (iii) Practical file – 5 marks

   **Note:** Viva voce examination will be related to the practical performed / seminar / assignment done by the candidate related to the paper during the course of the term.

B.A. NUTRITION AND HEALTH EDUCATION

Outline of the UGC recommended CBCS system for B. A Nutrition and Health Education (Annual) syllabus, CBCS Course Scheme, the Examination Pattern, CCA Scheme and Paper Setting to be implemented from Academic Session 2018-2019

B.A 1st Year

DISCIPLINE SPECIFIC COURSES

BANHE-A-101: FUNDAMENTALS OF NUTRITION AND FOOD SCIENCE

(DSC-1A)

(CREDITS: THEORY-4, PRACTICAL-2)

OBJECTIVES

1. To familiarize the students with fundamentals of food, nutrients and their relationship to health.
2. To create awareness with respect to deriving maximum benefit from available food resources.

Distribution of marks for Continuous Comprehensive Assessment

1. Minor Test : 15 Marks
2. Class Tests, Tutorials /Assignments : 10 Marks
3. Attendance : 5 Marks

Total Marks : 15+10+5 = 30 Marks

(1) Distribution of marks for conducting Minor Test

Note: Time permitted for conducting minor test shall be 1 hour.

Two types of questions will be set in Minor Test:

(i) Ten MCQ’s of ½ mark each = 5 marks.
(ii) Two questions of 5 marks each (2X5=10) of short answer type.

Total marks of Minor Test = 5+10 = 15

Attendance: 5 marks (as per University rules)
Term End Examination

Maximum marks: 50       Minimum marks: 18       Maximum time: 3 hrs.

(1) Instructions for Paper setters:
The question paper will consist of 5 sections:

A. Compulsory
B. Unit I
C. Unit II
D. Unit III
E. Unit IV

Section A: It will be a compulsory question consisting of 18 marks with 3 very short answer type questions of 2 marks each and 4 short answer type questions of 3 marks each covering the entire syllabus.

Section B: There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Section C: There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Section D: There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Section E: There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Total marks: 18+8+8+8+8 = 50

(2) Instructions for the students:
The students are required to attempt 5 questions in all. One compulsory question from section A and selecting one question from each of the sections B, C, D and E of the question paper.

THEORY

UNIT 1: Basic concepts in Food and Nutrition
Basic terms used in study of Food and Nutrition
Understanding relationship between food, nutrition and health
Functions of food - Physiological, psychological and social

UNIT II: Nutrients
Functions, dietary sources and clinical manifestations of deficiency/excess of the following nutrients:
Carbohydrates, lipids and proteins
Fat soluble vitamins - A, D, E and K

LECTURES: 60

5 periods

20 periods
Water soluble vitamins – thiamin, riboflavin, niacin, pyridoxine, folate, vitamin B12 and vitamin C
Minerals – calcium, iron and iodine

UNIT III: Food Groups 25 periods
Selection, nutritional contribution and changes during cooking of the following food groups:
Cereals
Pulses
Fruits and vegetables
Milk & milk products
Eggs
Meat, poultry and fish
Fats and Oils

UNIT IV: Methods of Cooking and Preventing Nutrient Losses 10 periods
Dry, moist, frying and microwave cooking
Advantages, disadvantages and the effect of various methods of cooking on nutrients
Minimizing nutrient losses

Term End Practical Examination

Maximum marks: 20 Minimum marks: 8 Maximum time: 3 hrs.

1. Instructions for Paper setters and candidates:
   Laboratory examination will consist of three parts:
   (i) Performing a practical exercise assigned by the examiner – 10 marks
   (ii) Viva voce examination – 5 marks
   (iii) Practical file – 5 marks

Note: Viva voce examination will be related to the practical performed / seminar / assignment done by the candidate related to the paper during the course of the term.

BANHE-A-101 (P) PRACTICAL 30 periods

OBJECTIVES
1. Weights and measures; preparing market order and table setting
2. Food preparation, understanding the principles involved, nutritional quality and portion size
   • Beverages: Hot tea/ coffee, Milk shake/ lassi, fruit based beverages 3
   • Cereals: Boiled rice, pulao, chapatti, parantha, puri, pastas 3
   • Pulses: Whole, dehusked 3
• Vegetables: curries, dry preparations
• Milk and milk products: Kheer, custard
• Egg preparations: Boiled, poached, fried, scrambled, omelette
• Soups: Broth, plain and cream soups
• Baked products: Plain cake, Marble cake, Sponge cake
• Snacks: pakoras, cutlets, upma, poha, sandwiches
• Salads: salads and salad dressings

• Vrinda, S. Aahar Vigyan (Hindi); 2003; Shyam Prakashan
BANHE-A-102: NUTRITION FOR THE FAMILY (DSC-1B)
(CREDITS: THEORY-4, PRACTICAL-2)

OBJECTIVES

1. To enable the students to understand the concepts of balanced diet, various food groups, recommended dietary allowances.

2. To understand the concept of meal planning, nutritional requirements of different age groups.

Distribution of marks for Continuous Comprehensive Assessment

1. Minor Test : 15 Marks
2. Class Tests, Tutorials /Assignments : 10 Marks
3. Attendance : 5 Marks

Total Marks : 15+10+5 = 30 Marks

(1) Distribution of marks for conducting Minor Test

Note: Time permitted for conducting minor test shall be 1 hour.

Two types of questions will be set in Minor Test:

(i) Ten MCQ’s of ½ mark each = 5 marks.
(ii) Two questions of 5 marks each (2X5=10) of short answer type.

Total marks of Minor Test = 5+10 = 15

Attendance: 5 marks (as per University rules)

Term End Examination

Maximum marks: 50 Minimum marks: 18 Maximum time: 3 hrs.

(1) Instructions for Paper setters:
The question paper will consist of 5 sections:

A. Compulsory
B. Unit I
C. Unit II
D. Unit III
E. Unit IV
**Section A:** It will be a compulsory question consisting of 18 marks with 3 very short answer type questions of 2 marks each and 4 short answer type questions of 3 marks each covering the entire syllabus.

**Section B:** There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

**Section C:** There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

**Section D:** There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

**Section E:** There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

**Total marks:** 18+8+8+8+8 = 50

(2) **Instructions for the students:**
The students are required to attempt 5 questions in all. One compulsory question from section A and selecting one question from each of the sections B, C, D and E of the question paper.

**THEORY**

**UNIT I: Basic concepts of meal planning**
- Food groups
- Food exchange list
- Concept of Dietary Reference Intakes
- Factors effecting meal planning and food related behavior

**UNIT II: Nutrition during the adult years**
Physiological changes, RDA, nutritional guidelines, nutritional concerns and Healthy food choices
- Adult
- Pregnant woman
- Lactating mother
- Elderly

**UNIT III: Nutrition during childhood**
Growth and development, growth reference/standards, RDA,
Nutritional guidelines, nutritional concerns and healthy food choices in:

- Infants
- Preschool children
- School children
- Adolescents

**UNIT IV: Dietary pattern of adults**

- Dietary guidelines for Indians
- Food pyramid
- Balanced Diet and the factors affecting the planning of diets

**Term End Practical Examination**

**Maximum marks: 20**  **Minimum marks: 8**  **Maximum time: 3 hrs.**

1. **Instructions for Paper setters and candidates:**

   Laboratory examination will consist of three parts:
   (i) Performing a practical exercise assigned by the examiner – 10 marks
   (ii) Viva voce examination – 5 marks
   (iii) Practical file – 5 marks

   **Note:** Viva voce examination will be related to the practical performed / seminar / assignment done by the candidate related to the paper during the course of the term.

**BANHE-A-102 (P) PRACTICAL 30 periods**

**OBJECTIVES**

1. To develop in students, the concept of portion sizes
2. To impart basic cooking skills and healthy cooking practices
   - Introduction to meal planning 2
   - Use of food exchange list
   - Planning and preparation of diets and dishes:
     - For young adult 5
     - Pregnant and Lactating woman 5
     - Pre-school child 5
     - School age child and adolescents 10
     - Elderly 3
RECOMMENDED READINGS

- Savage, King F, Burgess, A. Nutrition for developing countries; Second Ed; 1993; Oxford University Press.
B.A II\textsuperscript{nd} Year

BANHE-A-201: INTRODUCTION TO FOOD SAFETY (DSC-1C)
(CREDITS: THEORY-4, PRACTICAL-2)

OBJECTIVES

1. To create awareness about the importance of food safety and related issues in the students by discussing the various food handling practices.
2. To discuss food adulteration and the common food adulterants used.

Distribution of marks for Continuous Comprehensive Assessment

1. Minor Test : 15 Marks
2. Class Tests, Tutorials /Assignments : 10 Marks
3. Attendance : 5 Marks

\textbf{Total Marks} : 15+10+5 = 30 Marks

(1) Distribution of marks for conducting Minor Test

Note: Time permitted for conducting minor test shall be 1 hour.

Two types of questions will be set in Minor Test:

(i) Ten MCQ’s of $\frac{1}{2}$ mark each = 5 marks.
(ii) Two questions of 5 marks each (2X5=10) of short answer type.

\textbf{Total marks of Minor Test} = 5+10 = 15

Attendance: 5 marks (as per University rules)

Term End Examination

\textbf{Maximum marks: 50} \hspace{1cm} \textbf{Minimum marks: 18} \hspace{1cm} \textbf{Maximum time: 3 hrs.}

(1) \textbf{Instructions for Paper setters:}
The question paper will consist of 5 sections:

A. Compulsory
B. Unit I
C. Unit II
D. Unit III
E. Unit IV

**Section A:** It will be a compulsory question consisting of 18 marks with 3 very short answer type questions of 2 marks each and 4 short answer type questions of 3 marks each covering the entire syllabus.

**Section B:** There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

**Section C:** There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

**Section D:** There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

**Section E:** There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

**Total marks:** 18+8+8+8+8 = 50

(2) **Instructions for the students:**
The students are required to attempt 5 questions in all. One compulsory question from section A and selecting one question from each of the sections B, C, D and E of the question paper.

- Importance of food labels in processed foods and nutritional labelling

UNIT IV: Food laws, Regulations and Standards 10 periods

- Codex Alimentarius
- Prevention of Food Adulteration (PFA) Act
- Agmark
- Fruit Products Order (FPO)
- Meat Products Order (MPO)
- Bureau of Indian Standards (BIS)
- MMPO
- FSSAI

Term End Practical Examination

Maximum marks: 20  Minimum marks: 8  Maximum time: 3 hrs.

1. **Instructions for Paper setters and candidates:**
   Laboratory examination will consist of three parts:
   (i) Performing a practical exercise assigned by the examiner – 10 marks
   (ii) Viva voce examination – 5 marks
   (iii) Practical file – 5 marks

Note: Viva voce examination will be related to the practical performed / seminar / assignment done by the candidate related to the paper during the course of the semester.

BANHE-A-201 (P) PRACTICAL 30 periods

OBJECTIVES

1. To enable the students to see the preserved foods available in the market
2. To understand the importance of information displayed on the labels
3. To realize the role of adulterants in our food
   - Market survey of preserved fruit and vegetable products 2
   - Nutritional labeling, development and understanding 5
   - Simple tests for food adulteration 2
4. Cooking of low cost nutritious recipes for:
   - ICDS programme 8
   - MDM programme 8
RECOMMENDED READINGS

- Khanna, K. *et al.* Textbook of Nutrition and Dietetics; 2013; Phoenix Publisher.
- Srilakshmi, B. Dietetics; Fourth Ed; 2002; New Age International (P) Ltd.
BANHE-A-202: PUBLIC HEALTH NUTRITION (DSC-1D)
(CREDITS: THEORY-4, PRACTICAL-2)

OBJECTIVES

1. To enable students to identify and contribute to the prevention of public health/social health problems in the country.
2. To equip students with workable knowledge to treat common illnesses at home.

Distribution of marks for Continuous Comprehensive Assessment

1. Minor Test : 15 Marks
2. Class Tests, Tutorials /Assignments : 10 Marks
3. Attendance : 5 Marks

Total Marks : 15+10+5 = 30 Marks

(1) Distribution of marks for conducting Minor Test

Note: Time permitted for conducting minor test shall be 1 hour.

Two types of questions will be set in Minor Test:

(i) Ten MCQ’s of ½ mark each = 5 marks.
(ii) Two questions of 5 marks each (2X5=10) of short answer type.

Total marks of Minor Test = 5+10 = 15

Attendance: 5 marks (as per University rules)

Term End Examination

Maximum marks: 50  Minimum marks: 18  Maximum time: 3 hrs.

(1) Instructions for Paper setters:
The question paper will consist of 5 sections:

A. Compulsory
B. Unit I
C. Unit II
D. Unit III
E. Unit IV
Section A: It will be a compulsory question consisting of 18 marks with 3 very short answer type questions of 2 marks each and 4 short answer type questions of 3 marks each covering the entire syllabus.

Section B: There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Section C: There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Section D: There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Section E: There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Total marks: 18+8+8+8+8 = 50

(2) Instructions for the students:
The students are required to attempt 5 questions in all. One compulsory question from section A and selecting one question from each of the sections B, C, D and E of the question paper.

THEORY

UNIT I: Introduction to Nutritional deficiency diseases 22 periods
Causes, symptoms, treatment, prevention of the following:
   a. Protein Energy Malnutrition (PEM)
   b. Vitamin A Deficiency (VAD)
   c. Iron Deficiency Anaemia (IDA)
   d. Iodine Deficiency Disorders (IDD)
   e. Zinc Deficiency
   f. Fluorosis

UNIT II: Social Health problems 10 periods
   g. Smoking
   h. Alcoholism
   i. Drug addiction
   j. AIDS including AIDS Control Programme

UNIT III: Nutrition for Special conditions 17 periods
   k. Introduction to Nutrition for physical fitness and sport
1. Feeding problems in children with special needs
   m. Considerations during natural and man-made disasters-
      basic guidelines in disaster management

UNIT IV: Food Security 11 periods
   - Key terms, factors affecting food security, recent concern
   - Technologies for food and nutrition security

Term End Practical Examination

Maximum marks: 20 Minimum marks: 8 Maximum time: 3 hrs.

1. Instructions for Paper setters and candidates:
   Laboratory examination will consist of three parts:
   (i) Performing a practical exercise assigned by the examiner – 10 marks
   (ii) Viva voce examination – 5 marks
   (iii) Practical file – 5 marks

Note: Viva voce examination will be related to the practical performed / seminar / assignment
done by the candidate related to the paper during the course of the semester.

BANHE-A-202 (P) PRACTICAL 30 periods

OBJECTIVES
1. To enable the students to develop recipes for treating various nutritional deficiencies.
2. To develop in them the skill to modify normal diets for disease conditions.
   - Planning and preparation of snacks for PEM, VAD and IDA 5+10+10
     (one full day’s diet for PEM and snacks for PEM, VAD and IDA)
   - Students to collect information about any National programme 5

RECOMMENDED READINGS
- Khanna, K et.al. Textbook of Nutrition and Dietetics; 2013; Phoenix Publisher.
• Srilakshmi, B. Dietetics; 2012; New Age International (P) Ltd.
• Lakra, P, Singh, M. D. Textbook of Nutrition and Health; First Ed; 2008; Academic Excellence.
• Jain, P.et.al. Poshan vaswasthya ke mool siddhant (Hindi); First Ed; 2007; Academic Pratibha.
• Malhan, Gupta, Jain. Aaharaayojan, khadya sangrakshan evam grihavyavastha (Hindi); 1993. Sultan Chand & Sons Publishing.
OBJECTIVES

1. To apprise the students regarding Food service Industry, food production as well as standardization of a recipe
2. To share with the students the various steps to set up one’s own unit.

Distribution of marks for Continuous Comprehensive Assessment

1. Minor Test : 15 Marks
2. Class Tests, Tutorials /Assignments : 10 Marks
    Attendance : 5 Marks

Total Marks : 15+10+5 = 30 Marks

(1) Distribution of marks for conducting Minor Test

Note: Time permitted for conducting minor test shall be 1 hour.

Two types of questions will be set in Minor Test:

(i) Ten MCQ’s of ½ mark each = 5 marks.
(ii) Two questions of 5 marks each (2X5=10) of short answer type.

Total marks of Minor Test = 5+10 = 15

Attendance: 5 marks (as per University rules)

Term End Examination

Maximum marks: 70       Minimum marks: 25       Maximum time: 3 hrs

(1) Instructions for Paper setters:
The question paper will consist of 5 sections:
A. Compulsory
B. Unit I
C. Unit II
D. Unit III
E. Unit IV

Section A: It will be a compulsory question consisting of 22 marks with 5 very short answer type questions of 2 marks each and 4 short answer type questions of 3 marks each covering the entire syllabus.
**Section B:** There will be two questions of 12 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

**Section C:** There will be two questions of 12 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

**Section D:** There will be two questions of 12 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

**Section E:** There will be two questions of 12 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

**Total marks:** $22 + 12 + 12 + 12 = 70$

(2) **Instructions for the students:**
The students are required to attempt 5 questions in all. One compulsory question from section A and selecting one question from each of the sections B, C, D and E of the question paper.

**THEORY**

**UNIT I:** Introduction to Food Service
- Factors contributing to the growth of food service industry
- Kinds of food service establishments

**UNIT II:** Food Production
- Menu planning: Importance of menu, factors affecting menu planning, menu planning for different kinds of food service units
- Food Purchase and Storage
- Quantity Food production: Standardization of recipes, quantity food preparation techniques, recipe adjustments and portion control
- Hygiene and Sanitation

**UNIT III:** Resources
- Money
- Manpower
- Time
- Facilities and equipment

**LECTURES: 60**

- **UNIT I:** 10 periods
- **UNIT II:** 15 periods
- **UNIT III:** 15 periods
Utilities

UNIT IV: Planning of a Food Service Unit 20 periods

- Preliminary Planning

Survey of types of units, identifying clientele, menu, operations and delivery

- Planning the setup:
  a) Identifying resources
  b) Developing Project plan
  c) Determining investments
  d) Project Proposal

RECOMMENDED READINGS

BANHE-A-204: NUTRITION AND FITNESS (SEC-2)
(CREDITS: THEORY- 4)

OBJECTIVES

1. To help the students in understanding the importance of fitness and its relation to health and nutrition.

2. To enable the students to know about the guidelines about physical activities, weight reducing diets and nutritional supplements.

Distribution of marks for Continuous Comprehensive Assessment

1. Minor Test : 15 Marks
2. Class Tests, Tutorials / Assignments : 10 Marks
3. Attendance : 5 Marks

Total Marks : 15+10+5 = 30 Marks

(1) Distribution of marks for conducting Minor Test

Note: Time permitted for conducting minor test shall be 1 hour.

Two types of questions will be set in Minor Test:

(i) Ten MCQ’s of ½ mark each = 5 marks.
(ii) Two questions of 5 marks each (2X5=10) of short answer type.

Total marks of Minor Test = 5+10 = 15

Attendance: 5 marks (as per University rules)

Term End Examination

(1) Instructions for Paper setters:
The question paper will consist of 5 sections:

A. Compulsory
B. Unit I
C. Unit II
D. Unit III
E. Unit IV
Section A: It will be a compulsory question consisting of 22 marks with 5 very short answer type questions of 2 marks each and 4 short answer type questions of 3 marks each covering the entire syllabus.

Section B: There will be two questions of 12 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Section C: There will be two questions of 12 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Section D: There will be two questions of 12 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Section E: There will be two questions of 12 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Total marks: 22+12+12+12+12 = 70

(2) Instructions for the students:
The students are required to attempt 5 questions in all. One compulsory question from section A and selecting one question from each of the sections B, C, D and E of the question paper.

THEORY

UNIT I: Understanding Fitness
- Definition of fitness, health and related terms
- Assessment of fitness
- Approaches for keeping fit

UNIT II: Importance of nutrition
- Role of nutrition in fitness
- Nutritional guidelines for health and fitness
- Nutritional supplements

UNIT III: Importance of Physical activity
- Importance and benefits of physical activity
- Physical Activity – frequency, intensity, time and type with examples
- Physical Activity Guidelines and physical activity pyramid

LECTURES: 60

10 periods

15 periods

20 periods
UNIT IV: Weight Management

- Assessment, etiology, health complications of overweight and obesity
- Diet and exercise for weight management
- Fad diets

Principles of planning weight reducing diets

RECOMMENDED READINGS

B.A III<sup>rd</sup> Year

BANHE-A-301: PUBLIC NUTRITION (DSE-1A)

(CREDITS: THEORY-4, PRACTICAL-2)

OBJECTIVES

1. To make students understand the meaning, importance and scope of Public nutrition.
2. To obtain knowledge about malnutrition, related deficiencies, methods of assessing nutritional status, nutritional policy and National programmes.

Distribution of marks for Continuous Comprehensive Assessment

1. Minor Test : 15 Marks
2. Class Tests, Tutorials /Assignments : 10 Marks
3. Attendance : 5 Marks

Total Marks : 15+10+5 = 30 Marks

(1) Distribution of marks for conducting Minor Test

Note: Time permitted for conducting minor test shall be 1 hour.

Two types of questions will be set in Minor Test:

(i) Ten MCQ’s of ½ mark each = 5 marks.
(ii) Two questions of 5 marks each (2X5=10) of short answer type.

Total marks of Minor Test = 5+10 = 15

Attendance: 5 marks (as per University rules)

Term End Examination

Maximum marks: 50  Minimum marks: 18  Maximum time: 3 hrs.

(1) Instructions for Paper setters:
The question paper will consist of 5 sections:

A. Compulsory
B. Unit I
C. Unit II
D. Unit III
E. Unit IV
Section A: It will be a compulsory question consisting of 18 marks with 3 very short answer type questions of 2 marks each and 4 short answer type questions of 3 marks each covering the entire syllabus.

Section B: There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Section C: There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Section D: There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Section E: There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Total marks: 18+8+8+8+8 = 50

(2) Instructions for the students:
The students are required to attempt 5 questions in all. One compulsory question from section A and selecting one question from each of the sections B, C, D and E of the question paper.

THEORY

UNIT I: Concept and scope of Public Nutrition

- Definition and multidisciplinary nature of Public Nutrition
- Concept and scope
- Role of Public Nutritionist

UNIT II: Nutritional problems, their implications and related nutrition programmes

- Etiology, prevalence, clinical features and preventive strategies of-
  
  ➢ Undernutrition:
  
  Protein energy malnutrition, Nutritional anaemias, Vitamin A deficiency, Iodine deficiency disorders
  
  ➢ Over nutrition–Obesity, Coronary Heart disease, Diabetes

- National Nutrition Policy and Programmes - Integrated Child Development Services Scheme (ICDS), Midday Meal Programme (MDMP), National programmes for prevention of Anaemia, Vitamin A deficiency, Iodine
Deficiency Disorders.

UNIT III: Assessment of Nutritional Status 18 periods

- Objectives and importance
- Methods of assessment
  a) Direct–clinical signs, nutritional anthropometry, biochemical tests, biophysical tests
  b) Indirect–Diet surveys, vital statistics

UNIT IV: Nutrition Education 15 periods

- Objectives, principles and scope of nutrition and health education and promotion
- Behaviour Change Communication

Term End Practical Examination

Maximum marks: 20  Minimum marks: 8  Maximum time: 3 hrs.

1. Instructions for Paper setters and candidates:
   Laboratory examination will consist of three parts:
   (i) Performing a practical exercise assigned by the examiner – 10 marks
   (ii) Viva voce examination – 5 marks
   (iii) Practical file – 5 marks

Note: Viva voce examination will be related to the practical performed / seminar / assignment done by the candidate related to the paper during the course of the semester.

BANHE-A-301 (P) PRACTICAL 30 periods

OBJECTIVES

1. To enable the students to plan and prepare low cost nutritious recipes for different age groups
2. To be able to plan and calculate diet based on dietary recall and anthropometric measurements
   - Planning of low cost nutritious recipes for infants, preschoolers, pregnant/nursing mothers for nutrition education. 15
   - Assessment of nutritional status: 10
     - Anthropometry–weight and height measurements
     - Identification of clinical signs of common nutritional disorders
• Dietary assessment–FFQ and 24 hour diet recall
• Planning and conducting a food demonstration.

RECOMMENDED READINGS
• World Health Organization (2006). WHO Child Growth Standards: Methods and development: Length/height - for-age, weight-for-age, weight-for-length, weight-for-height and body mass index-for-age

BANHE-A-302: THERAPEUTIC NUTRITION (DSE-1B)
(CREDITS: THEORY-4, PRACTICAL-2)

OBJECTIVES
1. To help the students to understand about the adaptation of a normal diet to a modified diet.
2. To teach the students about the causes, clinical symptoms and planning of diets for various diseases.

Distribution of marks for Continuous Comprehensive Assessment

1. Minor Test : 15 Marks
2. Class Tests, : 10 Marks
   Tutorials /Assignments
3. Attendance : 5 Marks

**Total Marks** : 15+10+5 = 30 Marks

(1) Distribution of marks for conducting Minor Test

Note: Time permitted for conducting minor test shall be 1 hour.

**Two types of questions will be set in Minor Test:**

(i) Ten MCQ’s of ½ mark each = 5 marks.
(ii) Two questions of 5 marks each (2X5=10) of short answer type.

**Total marks of Minor Test = 5+10 = 15**

Attendance: 5 marks (as per University rules)

**Term End Examination**

Maximum marks: 50
Minimum marks: 18
Maximum time: 3 hrs.

(1) **Instructions for Paper setters:**
The question paper will consist of 5 sections:

- **A. Compulsory**
- **B. Unit I**
- **C. Unit II**
- **D. Unit III**
- **E. Unit IV**

**Section A:** It will be a compulsory question consisting of 18 marks with 3 very short answer type questions of 2 marks each and 4 short answer type questions of 3 marks each covering the entire syllabus.

**Section B:** There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

**Section C:** There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

**Section D:** There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

**Section E:** There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.
Total marks: 18+8+8+8+8 = 50

(2) Instructions for the students:
The students are required to attempt 5 questions in all. One compulsory question from section A and selecting one question from each of the sections B, C, D and E of the question paper.

THEORY

LECTURES: 60

Unit I: Principles of Nutrition Care 8 periods
- Nutrition Care Process
- Therapeutic adaptations of the normal diet
- Progressive diets–clear fluid, full fluid, soft and regular

Unit II: Etiology, clinical features and nutritional management of Infections and Fever 10 periods
- Typhoid
- Tuberculosis
- HIV

Unit III: Etiology, clinical features and nutritional management of the following: 18 periods
- G I Tract Disorders:
  - Diarrhoea
  - Constipation
  - Lactose Intolerance
  - Celiac disease
- Liver: Infective Hepatitis

Unit IV: Etiology, clinical features and nutritional management of 24 periods
- Weight Imbalances – Overweight and Obesity; Underweight
- Eating disorders – Anorexia nervosa and Bulimia
- Type 1 and Type 2 Diabetes mellitus
- Hypertension and CHD
- Food allergy

Term End Practical Examination

Maximum marks: 20 Minimum marks: 8 Maximum time: 3 hrs.

1. Instructions for Paper setters and candidates:
Laboratory examination will consist of three parts:
(i) Performing a practical exercise assigned by the examiner – 10 marks
(ii) Viva voce examination – 5 marks
(iii) Practical file – 5 marks

Note: Viva voce examination will be related to the practical performed / seminar / assignment done by the candidate related to the paper during the course of the semester.

BANHE-A-302 (P) PRACTICAL 30 periods

OBJECTIVES

1. To enable the students to modify the diet according to the diseases.
2. To calculate the diets with the help of Nutrition composition tables.
   ❖ Planning, preparation and service of diets for the following:
     ➢ Therapeutic Diets–Normal, Soft, Clear and full fluid
       • Fevers: acute and chronic 5
       • Obesity 5
       • Type 2 Diabetes 5
       • Hypertension and CHD 10
     Survey of therapeutic foods in the market 5

RECOMMENDED READINGS

BANHE-A-303: MATERNAL AND CHILD NUTRITION (SEC-3)
(CREDITS: THEORY 4)

OBJECTIVES
1. To understand the role of nutrition for the pregnant women, lactating mothers, breast feeding and complementary foods.
2. To enable the students to know about child health, morbidity, maternal and child health programmes.

Distribution of marks for Continuous Comprehensive Assessment

1. Minor Test : 15 Marks
2. Class Tests, Tutorials /Assignments : 10 Marks
3. Attendance : 5 Marks

Total Marks : 15+10+5 = 30 Marks

(1) Distribution of marks for conducting Minor Test

Note: Time permitted for conducting minor test shall be 1 hour.

Two types of questions will be set in Minor Test:

(i) Ten MCQ’s of ½ mark each = 5 marks.
(ii) Two questions of 5 marks each (2X5=10) of short answer type.

Total marks of Minor Test = 5+10 = 15

Attendance: 5 marks (as per University rules)

Term End Examination

Maximum marks: 70 Minimum marks: 25 Maximum time: 3 hrs.

(1) Instructions for Paper setters:
The question paper will consist of 5 sections:
   A. Compulsory
   B. Unit I
   C. Unit II
   D. Unit III
   E. Unit IV
Section A: It will be a compulsory question consisting of 22 marks with 5 very short answer type questions of 2 marks each and 4 short answer type questions of 3 marks each covering the entire syllabus.

Section B: There will be two questions of 12 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Section C: There will be two questions of 12 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Section D: There will be two questions of 12 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Section E: There will be two questions of 12 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Total marks: 22+12+12+12+12 = 70

(2) Instructions for the students:
The students are required to attempt 5 questions in all. One compulsory question from section A and selecting one question from each of the sections B, C, D and E of the question paper.

THEORY

UNIT I: 20 periods
- Nutritional needs during pregnancy, common disorders of pregnancy (Anaemia, HIV infection, Pregnancy induced hypertension), relationship between maternal diet and birth outcome
- Maternal health and nutritional status, maternal mortality and issues relating to maternal health

UNIT II: 15 periods
- Nutritional needs of nursing mothers and infants, determinants of birth weight and consequences of low birth weight, Breast feeding biology, Breast feeding support and counseling

UNIT III: 15 periods
- Infant and young child feeding and care –Current feeding practices and nutritional
concerns, guidelines for infant and young child feeding, Breast feeding, weaning and complementary feeding

- Assessment and management of moderate and severe malnutrition among children, Micronutrient malnutrition among preschool children
- Child health and morbidity, neonatal, infant and child mortality, IMR and U 5 MR; link between mortality and malnutrition

UNIT IV: 10 periods

Overview of maternal and child nutrition policies and programmes

RECOMMENDED READINGS

BANHE-A-304: FOOD AND NUTRITION (SEC-4)
(CREDITS: THEORY- 4, PRACTICAL-2)

OBJECTIVES

1. To introduce the students to cooking, preparation of simple recipes using different methods of cooking.
2. To understand the parameters of Body Mass Index and meal planning for different activity levels.

Distribution of marks for Continuous Comprehensive Assessment

1. Minor Test : 15 Marks
2. Class Tests, Tutorials /Assignments : 10 Marks
3. Attendance : 5 Marks

Total Marks : 15+10+5 = 30 Marks

(1) Distribution of marks for conducting Minor Test
Note: Time permitted for conducting minor test shall be 1 hour.

Two types of questions will be set in Minor Test:

(ii) Ten MCQ’s of ½ mark each = 5 marks.
(iii) Two questions of 5 marks each (2X5=10) of short answer type.

Total marks of Minor Test = 5+10 = 15

Attendance: 5 marks (as per University rules)

Term End Examination

Maximum marks: 70  Minimum marks: 25  Maximum time: 3 hrs.

(1) Instructions for Paper setters:
The question paper will consist of 5 sections:
   A. Compulsory
   B. Unit I
   C. Unit II
   D. Unit III
   E. Unit IV

Section A: It will be a compulsory question consisting of 22 marks with 5 very short answer type questions of 2 marks each and 4 short answer type questions of 3 marks each covering the entire syllabus.

Section B: There will be two questions of 12 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Section C: There will be two questions of 12 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Section D: There will be two questions of 12 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Section E: There will be two questions of 12 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Total marks: 22+12+12+12+12 = 70

(3) Instructions for the students:
The students are required to attempt 5 questions in all. One compulsory question from section A and selecting one question from each of the sections B, C, D and E of the question paper.
THEORY

UNIT I: Introduction to Meal planning: 15 periods

Definition of Meal planning
Factors affecting Meal planning
Meal Planning with budget provisions per head for:
Child’s birthday party
Formal Tea party
Evening Dinner
Picnic lunch
Working lunch for conferences/workshops

UNIT II: Planning of meals for: 15 periods

Sedentary Workers – male, female
Moderate workers
Heavy workers
For sports persons

UNIT III: Formulation of Food frequency questionnaire: 15 periods

Guidelines to be followed
Tracking of food groups for the whole week
Use of Food composition tables and exchange lists

UNIT IV: Methods of determining Nutritional Status: 15 periods

Anthropometric measurements
Estimation of B.M.I
Measures of Weight control, fads and myths and hazards of sudden weight loss
Guidelines for maintenance of normal weight
Interventions for a healthy life style

Term End Practical Examination

Maximum marks: 20  Minimum marks: 8  Maximum time: 3 hrs.

1. **Instructions for Paper setters and candidates:**
   Laboratory examination will consist of three parts:
   (i) Performing a practical exercise assigned by the examiner – 10 marks
   (ii) Viva voce examination – 5 marks
   (iii) Practical file – 5 marks

   **Note:** Viva voce examination will be related to the practical performed / seminar / assignment done by the candidate related to the paper during the course of the term.

**BANHE-A-304 (P) PRACTICAL 30 periods**

**OBJECTIVES**

1. To enable the students to use simple methods of cooking for various levels of activities.
2. To procure recipes of snacks for various age groups and occasions.
3. To understand the importance of anthropometric measurements.
   - Identification of food sources for various nutrients using food composition tables. 2
   - Record diet of self using 24 hour dietary recall and its nutritional analysis. 3
   - Introduction to meal planning, concept of food exchange system. 5
   - Planning of meals for adults of different activity levels for various income groups. 5
   - Planning of nutritious snacks for different age and income groups. 5
   - Preparation of nutritious snacks using various methods of cooking. 5
   - Estimation of BMI and other nutritional status parameters. 5

**RECOMMENDED READINGS**

OBJECTIVES
1. To enable the students to understand basic concepts in Nutrition, nutrients and their functions, sources and deficiency symptoms.
2. To understand the nutritional requirements during different stages of life.

Distribution of marks for Continuous Comprehensive Assessment

1. Minor Test : 15 Marks
2. Class Tests, Tutorials/Assignments : 10 Marks
3. Attendance : 5 Marks

Total Marks : 15+10+5 = 30 Marks

(1) Distribution of marks for conducting Minor Test
Note: Time permitted for conducting minor test shall be 1 hour.

Two types of questions will be set in Minor Test:

(i) Ten MCQ’s of ½ mark each = 5 marks.
(ii) Two questions of 5 marks each (2X5=10) of short answer type.

Total marks of Minor Test = 5+10 = 15

Attendance: 5 marks (as per University rules)

Term End Examination

Maximum marks: 50 Minimum marks: 18 Maximum time: 3 hrs.

(1) Instructions for Paper setters:
The question paper will consist of 5 sections:
A. Compulsory
B. Unit I
C. Unit II
D. Unit III
E. Unit IV

Section A: It will be a compulsory question consisting of 18 marks with 3 very short answer type questions of 2 marks each and 4 short answer type questions of 3 marks each covering the entire syllabus.

Section B: There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.
Section C: There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Section D: There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Section E: There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Total marks: 18+8+8+8+8 = 50

(2) Instructions for the students:
The students are required to attempt 5 questions in all. One compulsory question from section A and selecting one question from each of the sections B, C, D and E of the question paper.

THEORY

UNIT I: Basic Concepts in Nutrition 15 periods
- Basic terms used in nutrition
- Understanding relationship between food, nutrition and health
- Functions of food - Physiological, psychological and social
- Basic food groups and concept of balanced diet

UNIT II: Macro-nutrients 15 periods
Energy - Functions, sources and concept of energy balance
Functions, Recommended Dietary Allowances, dietary sources, effects of deficiency and/or excess consumption on health of the following nutrients:
- Carbohydrates and dietary fibre
- Lipids
UNIT III: Micro-nutrients

Functions, Recommended Dietary Allowances, dietary sources, effects of deficiency and/or excess consumption on health of the following nutrients: 15 periods

- Fat soluble vitamins-A, D, E and K
- Water soluble vitamins Thiamin, Riboflavin, Niacin, Pyridoxine, Folate, Vitamin B₁₂ and Vitamin C
- Minerals–Calcium, Iron, Zinc and Iodine

UNIT IV: Nutrition during Lifecycle 15 periods

Physiological considerations and nutritional concerns for the following life stages:

- Adult man/woman
- Pre-school children
- Adolescents
- Pregnant woman
- Nursing woman and infant

Term End Practical Examination

Maximum marks: 20  Minimum marks: 8  Maximum time: 3 hrs.

1. Instructions for Paper setters and candidates:
   Laboratory examination will consist of three parts:
   (i) Performing a practical exercise assigned by the examiner – 10 marks
   (ii) Viva voce examination – 5 marks
   (iii) Practical file – 5 marks

Note: Viva voce examination will be related to the practical performed / seminar / assignment done by the candidate related to the paper during the course of the term.

BANHE-A-305 (P)  PRACTICAL  30 periods

OBJECTIVES

- To teach the students about the importance of weights and measures; preparing market order and table setting
- To use different methods of cooking for maximum retention of nutrients
- To plan diets for different age groups
1. Weighing of the common raw ingredients used in cooking. 2
2. Recipes cooked by using different methods of cooking:
   - Boiling 2
• Steaming 2
• Roasting 2
• Pressure cooking 2
• Frying – shallow, deep frying 4

3. Planning of diets for various life stages keeping in mind the nutritional considerations:
   • Adult man and adult woman 5
   • Pre-school children 2
   • Adolescents 2
   • Pregnant woman 2
   • Nursing woman and infant 5

RECOMMENDED READINGS

BANHE-A-306: NUTRITION: A LIFESPAN APPROACH (GE-2)
(CREDITS: THEORY 4, PRACTICAL 2)

OBJECTIVES
1. To know about the principles, factors affecting meal planning, dietary guidelines and methods of assessment of nutrient requirement.
2. To inculcate interest in the students to know about the need for the nutrients in different stages of life span of human beings.

Distribution of marks for Continuous Comprehensive Assessment

1. Minor Test : 15 Marks
2. Class Tests, Tutorials /Assignments : 10 Marks
3. Attendance : 5 Marks
Total Marks : 15+10+5 = 30 Marks

(1) Distribution of marks for conducting Minor Test
Note: Time permitted for conducting minor test shall be 1 hour.

Two types of questions will be set in Minor Test:

(i) Ten MCQ’s of ½ mark each = 5 marks.
(ii) Two questions of 5 marks each (2X5=10) of short answer type.

Total marks of Minor Test = 5+10 = 15

Attendance: 5 marks (as per University rules)

Term End Examination
Maximum marks: 50 Minimum marks: 18 Maximum time: 3 hrs.

(1) Instructions for Paper setters:
The question paper will consist of 5 sections:

A. Compulsory
B. Unit I
C. Unit II
D. Unit III
E. Unit IV

Section A: It will be a compulsory question consisting of 18 marks with 3 very short answer type questions of 2 marks each and 4 short answer type questions of 3 marks each covering the entire syllabus.

Section B: There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Section C: There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Section D: There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Section E: There will be two questions of 8 marks each. These questions may contain sub parts and will be of long answer type. The student will attempt one out of the two questions.

Total marks: 18+8+8+8+8 = 50

(1) Instructions for the students:
The students are required to attempt 5 questions in all. One compulsory question from section A and selecting one question from each of the sections B, C, D and E of the question paper.

**THEORY**

**LECTURES: 60**

**UNIT I: Principles of meal planning**

- Balanced diet
- Food groups
- Food exchange list
- Factors affecting meal planning and food related behaviour
- Dietary guidelines for Indians and food pyramid

**UNIT II: Nutrient requirements**

- Concept of Dietary Reference Intakes
- Overview of methods for assessment of nutrient needs

**UNIT III: Nutrition for adulthood and old age**

- Adult: Nutrient requirements for adult man and woman, RDA, nutritional guidelines, nutritional concerns, diet and lifestyle related diseases and their prevention
- Elderly – Physiological changes in elderly, RDA, nutritional guidelines, nutritional and health concerns in old age and their management, factors contributing to longevity

**UNIT IV: Nutrition during pregnancy and lactation**

- Pregnancy - Physiological changes in pregnancy, RDA, nutritional guidelines, nutritional needs, effect of nutritional status on pregnancy outcome, optimal weight gain and its components, nutrition related problems in pregnancy and ways to control them
- Lactation – Physiology of lactation, RDA and nutritional needs of a nursing mother, nutritional guidelines

**UNIT V: Nutrition during childhood**

- Growth and development, growth reference/standards, RDA, nutritional guidelines, nutritional concerns and healthy food choices in the following:
  - Infants
  - Pre-school children
  - Schoolchildren
• Adolescents

Term End Practical Examination

Maximum marks: 20    Minimum marks: 8    Maximum time: 3 hrs.

1. Instructions for Paper setters and candidates:
Laboratory examination will consist of three parts:
   (i) Performing a practical exercise assigned by the examiner – 10 marks
   (ii) Viva voce examination – 5 marks
   (ii) Practical file – 5 marks

Note: Viva voce examination will be related to the practical performed / seminar / assignment done by the candidate related to the paper during the course of the semester.

BANHE-A-306 (P)    PRACTICAL    30 periods

OBJECTIVES

• To encourage the students to use food exchange list and food composition tables in calculating diets
• To plan and cook dishes for different age groups

Introduction to meal planning

Use of food exchange list 2

Planning and preparation of diets and dishes for

• Young adult 4
• Pregnant and Lactating woman 8
• Pre-school child 5
• School age child and adolescents 8
• Elderly 3

Planning complementary foods for Infants

RECOMMENDED READINGS
