Regulations and Scheme of Examinations

(General Objectives, Scheme of Examinations and Courses of Study for B.Ed. Programme)

1. **General Objectives:**

   The curriculum is designed to achieve the following general objectives of the B. Ed. Programme:
   1) The student teacher understands the central concepts, tools of inquiry, and structures of the disciplines and can create learning experiences that make these aspects of subject matter meaningful.
   2) The student teacher understands the process of learning and development among students, different approaches to learning and creates learning opportunities that are adapted to diverse learners and learning contexts.
   3) The student teacher plans learning experiences that are based on learner’s existing proficiency, interests, experiences including misconceptions and errors; and an understanding of the process of viewing, developing and making sense of subject matter contained in the learning experiences.
   4) The student teacher uses knowledge of effective verbal, non-verbal and media communication techniques to foster active inquiry, collaboration, and supportive interaction in the classroom.
   5) The student teacher understands and uses formal and informal assessment strategies to evaluate and ensure the continuous intellectual, social and physical development of the learner.
   6) The student teacher develops self identity as a teacher through school based experiences and reflective practices that continually evaluate the effects of his/her choices and actions.
   7) The student teacher acts as an agent of modernization and social change.
   8) The student teacher promotes capabilities for inculcating national values and goals as mentioned in the Constitution of India.
   9) The student teacher promotes social cohesion, international understanding and protection of Human Rights and Rights of the Child.
   10) The student teacher will become adept in the use of ICT in the teaching-learning process.

7. Evaluation
The performance of a candidate in each course will be evaluated in terms of percentage of marks. Evaluation for each course shall be done by Continuous Comprehensive Assessment by the concerned course teacher and ESE and will be consolidated at the end of the course. The evaluation system of the candidates has the following two components:

i. Continuous Comprehensive Assessment (CCA) accounting for 20% of the total marks assigned to a particular course; and

ii. End-Semester/Session Examination (ESE) accounting for the remaining 80% of the total marks assigned to a particular course.

7.1 Continuous Comprehensive Assessment CCA) For the candidates through Regular Mode
This would include the following components:

- **Classroom Attendance** – Each candidate will have to attend a minimum of 80% Lectures / Tutorials / Practicals and 90% in case of school internship programme. A candidate having less than this percentage of attendance will not be allowed to appear in the End Semester Examination (ESE).

- However, the exemption from minimum 80% attendance will be given to those participating in University, state, interuniversity, national and international tournaments (e.g. NCC, NSS, Youth Festivals, Sports etc.) to the extent of 20%. However, the candidate must obtain minimum 80% attendance inclusive of classroom attendance and weightage of the co-curricular activities. The claim for this exemption should be supported by authenticated certificate from the concerned University/college authorities.

- **Classroom Attendance Incentive**: Those having greater than 80% attendance (for those participating in Co-curricular activities, 20% will be added to percent attendance) will be awarded CCA marks (in case of courses with a total of 100 marks) as follows:-
  - > 80% but ≤ 83% 1 marks
  - > 84% but ≤87% 2 marks
  - > 88% but ≤91% 3 marks
  - > 92% but ≤95% 4 marks
  - > 96% & above 5 marks

The marks on the basis of attendance (in case of courses with a total of 50 marks) will be awarded as follows:

- > 80% but ≤ 86% 1 marks
- > 87% but ≤93% 2 marks
- > 94% & above 3 marks

- **The Continuous Comprehensive Assessment (CCA)** will have the following components:
<table>
<thead>
<tr>
<th>Sr.</th>

7.2 Continuous Comprehensive Assessment (CCA) for the candidates through Distance Mode:

- **Attendance**: Attendance in Personal Contact Programme (PCP) of B. Ed. Programme is compulsory for all the candidates and it shall be precondition for being permitted to appear in the University Examination. Provided that relaxation in attendance not exceeding 20% may be granted by the Director, ICDEOL H.P.University in exceptional circumstances (like election, census duty etc.) to be recorded in writing in each case and not as a general rule.

- **Theory Assignments**: A total of 50% weightage is earmarked for four theory assignments per course. The assignments will be evaluated by concerned course teacher/s and the feedback on it will be provided to the learners in order to improve their performance. The assignments are to be submitted to the concerned teacher/coordinator of PCP.

- **Workshop Activities**: About 30% weightage will be given to one activity in each course to be performed by the candidates during workshop sessions. The activities may include presentation in seminars, project work, preparation of TLM etc. The student teachers will prepare a report of the activity and submit the same to the concerned teacher/coordinator of PCP.

- **School-Based Activities**: About 20% weightage will be given to one activity in each course to be performed by the candidates in the schools. The activities may include preparing and maintaining Stock Registers, Students’ Cumulative Records, Time Table, CCE Records, Attendance Records, School Development Plans, Annual Work Budget Plans etc. The student teachers will prepare a report of the activity and submit the same to the concerned teacher/coordinator of PCP.

- The continuous comprehensive assessment (CCA) / Internal Assessment will have the following components:
<table>

7.3 Examinations and Medium of Instruction for Regular/Distance Mode (ICDEOL):

a) The end Semester Examinations for Regular candidates will be held in the month of November/ December and June each Year respectively.

b) In case of ICDEOL, the end-session examinations will be held in the month of June each year.

c) 80% of the final marks assigned to a candidate in a course will be on the basis of ESE that will be for three hours and one and half hour duration depending upon the marks assigned to the course.

d) If a candidate, who does not deliver the required number of micro / simulated / observation / macro / practice lessons and/or any other assigned activities in the PCP / practice teaching, he/she will not be allowed to appear in final assessment of practice teaching (i.e. final teaching practice examination). At the time of practice teaching examination, the external examiners shall give due weightage to different records of micro / simulated / observation / macro / practice lessons and other activities assigned to the candidates.

e) Evaluation in the Practicum-cum-field work will be done by the Departmental Council by assigning grades to the students on four points rating scale ranging from grade A, B, C and D.

f) For school internship/ final examination, the candidate will prepare two lessons- one related to each of the teaching subject.

g) The Board of Examiners will consist of three external examiners and one internal examiner i.e. the teacher educator or the Principal/Headmaster of the school internship programme. The panel of external examiners will be drawn by the Chairperson, Department. of Education for Regular and Director ICDEOL for Distance Mode students.
and will be duly approved by the Hon’ble Vice-Chancellor of the University. The Board of Examiners will comprise of the experts in science and arts teaching subjects.

h) Medium of Instruction/ Examination: The medium of instruction/ Examination for the B.Ed. programme shall be English or Hindi.

7.4 Question Papers for Regular/Distance Mode End Semester Examination (ESE) will be got set by the Controller of Examinations, H. P. University, Shimla.

(a) The question paper for the ESE will have five Sections A,B,C,D and E Section. A will be compulsory of 16 marks and consist of 8 short answer type questions of 2 marks each covering whole the syllabus. Section B, C, D and E will consist of two questions out of which the candidate will attempt one question. Each question will carry 16 marks.

Total marks (A + B + C + D + E) = 16 + 16 + 16 +16+16 = 80 marks

(b) The question paper for the ESE (having 40 marks) will have following pattern:

The question paper for the ESE will have 3 Sections A,B and C. Section A will be compulsory of 8 marks and consist of 4 short answer type questions of 2 marks each covering whole the syllabus. Section B and C will consist of 2 questions each out of which the candidate will attempt one question. Each question will carry 16 marks and may contain subparts and will be of long answer type.

Total marks (A + B + C) = 8 + 16 + 16 = 40 marks.

7.5 Conditions for Qualifying the B.Ed. Course (Regular and Distance Mode):

(a) The pass percentage in each course of study will be 40 percent (both in theory and internal assessment respectively), 50 percent in school internship programme and 45% in aggregate in all the prescribed courses.

(b) It will be necessary for a candidate to pass each course separately in Internal and External Examinations.

(c) A candidate is required to pass all the courses of study. If a candidate fails in theory part of the paper of the university examination ,he/she will have to re-appear in that theory course in the subsequent examination.

(d) If a candidate fails in internal assessment/sessionals, he/she will be required to improve his/her internal assessment/sessional marks/grades by doing extra work to the satisfaction of the Chairperson of the Department/Principal of the College concerned /Director ICDEOL and Concerned Faculty Members who will assess the candidate for award of revised internal assessment/sessional marks. The candidate will have to submit his/her assignment within 40 days from the day of declaration of the result of End semester/ session examination. If the candidate fails to submit within the stipulated period, he/she shall be treated as re-appear student in that paper.

(e) The result of the candidate will be declared when he/she will qualify in all the parts of the concerned paper (Theory +Internal assessment).

ASSESSMENT FOR LEARNING

Marks: 100 (80 + 20)

Course Objectives:
The student teachers will be able to:
1. Understand the nature of assessment and its role in teaching-learning process.
2. Understand the different perspectives of learning on assessment.
3. Realize the need for school based assessment.
4. Examine the contextual roles of different forms of assessment in schools.
5. Understand the different dimensions of learning and the related assessment procedures, tools and techniques.
7. Analyze, manage and interpret assessment data.
8. Analyze the reporting procedures of learners’ performance in schools.
9. Develop indicators to assess learners’ performance on different types of tasks.
10. Examine the issues and concerns of assessment and evaluation practices in schools.
11. Understand the policy perspectives on examinations and assessment and their implementation practices.
12. Trace the technology-based assessment practices and other trends.

Unit 1: Perspectives on Assessment
- Concept of measurement, assessment, evaluation and their interrelationship.

- Purposes of Assessment: Prognostic, Monitoring of Learning, Providing Feedback, Selection, Promotion, Placement, Certification, Grading and Diagnostic
• Classification of assessment: based on purpose (prognostic, formative, diagnostic and summative), scope (teacher made, standardized), nature of attribute measured (achievement, aptitude, attitude), nature of information gathered (qualitative, quantitative), mode of response (oral or written; selection or supply), nature of interpretation (norm-referenced, criterion-referenced) and assessment context (internal or external).

• Need for continuous and comprehensive school-based assessment; Grading: Concept, Types and Application; Indicators for grading.

Unit -2: Assessment of Learning
• Dimensions of learning: cognitive, affective and performance.
• Assessment of cognitive learning: types and levels of cognitive learning: understanding and application; Thinking skills – convergent, divergent, critical, problem solving, decision making and procedures for their assessment.
• Assessment of affective learning: Attitude, values, interests and procedures for their assessment.
• Assessment of Performance: Tools and techniques for assessment of skills; Use of Projects, Assignments, Work sheets, Practical work, Performance based activities.

Unit -3: Planning, Executing, Interpreting and Reporting of Assessment
• Difference between instructional, learning and assessment objectives; Stating of assessment objectives in behavioural terms.
• Construction/selection of test items; Guidelines for construction of test items; Guidelines for administration and scoring; Preparation of blue-print; Performing item analysis.
• Processing test performance: Calculation of percentages and central tendency measures; graphical representations; Analysis and interpretation of learners’ performance; Reporting learners’ performance – Progress reports, Cumulative records, Portfolios.
• Means of providing remedial instruction for improving learning, Using feedback for reporting to different stakeholders – learners, parents and administrators; Use of feedback for teachers’ self-improvement.

Unit - 4: Issues, Concerns and Trends in Learning Assessment
• Existing Practices: Unit tests, half- yearly and annual examinations, semester system, Board examinations and Entrance tests, State and National achievement surveys, Use of question banks.
• Issues and Problems: Marking Vs. Grading, Non-detention policy, Objectivity Vs. Subjectivity, Impact of entrance tests and public examination on teaching and learning – the menace of coaching

TEACHING OF LIFE SCIENCES

Course objectives: Marks: 50 (40 + 10)

The student teachers will be able to:

1. Understand various objectives of teaching life sciences and to write the same in behavioural terms.
2. Understand and apply various methods of teaching life sciences.
3. Understand, analyze and improve present curriculum of life sciences operative at school level.
4. Understand the importance and appropriate use of different audio visual aids and improvised apparatus in Indian conditions with reference to concepts to be taught.

Unit - 1: Foundations of Teaching of Life Science

- Meaning, nature and scope of Life Science, Historical development of Life Sciences in secondary school curriculum, Importance of Life Science in school curriculum.
- Aims and Objectives of Teaching Life Sciences at secondary stage; Writing instructional Objectives in behavioural terms. Formulation and classification of Instructional Objectives for teaching of Life Sciences with reference to cognitive, affective and psychomotor domains.
Life Sciences Curriculum at School stage: concept, scope and principles of curriculum construction, approaches of curriculum construction such as concentric approach, topical approach and unit approach.

Process of Evaluation of Life Sciences Curriculum at School level (HPBSE and CBSE).

**Unit - 2: Teaching Methods, Approaches and Techniques**

- Approaches in Life Science: Inductive-deductive approach, problem solving approach, computer assisted instructions and web based instructions.
- Visualizing, Organizing and contextualizing learning situations through:
  - a. Field Trips
  - b. Biological Associations, Science Fairs and Exhibitions
  - c. Botanical Garden
  - d. Museum
  - e. Aquarium and Vivarium
  - f. Biological Clubs
  - g. Science Excursions
  - h. Concept Mapping
- Facilitating Life Science Learning: issues in practice; collaborative learning, peer learning; dealing students in heterogeneous classes.

**Activity (Any one of the Following)**

The student teacher will perform the following experiments and record them in the practical journal/file:

1. To prepare a temporary mount of a leaf peel to show stomata.
2. To show experimentally that carbon dioxide is given out during respiration.

Prepare a report on critical analysis of life sciences curriculum prescribed by HPBSE / CBSE for secondary school stage.
