16.Multidisciplinary / interdisciplinary

As National Education Policy envisages a holistic and multidisciplinary education across disciplines that would aim to develop all the capacities of human beings, the Himachal Pradesh University is proactively working towards accomplishing this objective. All the departments/centers under Himachal Pradesh University have been directed to ensure diversity in all curriculum and teaching-learning processes. In view of the National Education Policy, academic programmes are redesigned to include multidisciplinary/interdisciplinary courses as electives. In order to provide the holistic academic growth among students, inter-disciplinary curriculum has been proposed which gives freedom to the students to choose their preferred options from the range of programmes offered by the university. All programmes are designed in such a way that students get maximum flexibility to choose elective courses offered by other departments. University has already initiated new interdisciplinary centres integrating different departments in addition to the existing inter/multidisciplinary research and academics resources. The multidisciplinary/interdisciplinary education imparted by university across different disciplines will ensure diversity and integrity of all knowledge.

17.Academic bank of credits (ABC):

Himachal Pradesh University is a member of the National Academic Depository (NAD) which is a government endeavor to offer an online repository for all academic awards under the Digital India programme.

To implement Academic Bank of Credits (ABC), a centralized database along with the database of the university has to be established to digitally store the academic credits earned by the student in various courses. Moreover students will be facilitated with the option of earning required number of credits from other institutions as well as from online platforms (*Swayam*, e-PG *Pathshala etc)*. Students will also be facilitated with the already earned credits to carry forward if he/she has discontinued the course for any of the reason earlier in the light of NEP-2020.

18.Skill development:

Himachal Pradesh University always focused on promoting academic excellence among students through participative learning, problem solving and skill based education. The focus is towards integrated knowledge acquisition and upgrading human skills towards creating a new skillful workforce. All the courses across different programmes are mapped in accordance with employability, skill development and entrepreneurship domain. The overall education philosophy of University is to (a) deliver knowledge related to core concepts and the focusing on application part (b) develop the personality, competencies and employability skills so that the students are industry ready (c) inculcate professional values and ethics, empathy and life skills (d) inculcate life-long learning abilities. Teaching and training methodologies of courses offered under different programmes are designed keeping above philosophy of the Uuniversity. Various workshops/seminars/sessions are organized time to time by the university for the skill enhancement of the students. Moreover skill enhancement courses are also introduced in UG and PG curricula in keep in mind the mission "Skill India". The students' participation across different disciplines is ensured through various activities like group discussions, debates, presentations and role plays. Students are encouraged for problem-solving through various case studies and other situation-based exercises. Experiential learning is imparted through various field visits, projects and internship. In addition to this, students are involved in various leadership and team-work related exercises so as to develop leadership skills and promote team-work. All these activities and exercises help to develop the personality, competencies and employability skills among the students.

19.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

Indian Knowledge system includes knowledge from ancient India to modern India and clear sense of India's future aspiration with regard to education, health and environment. In order to promote/integrate the local language, art and culture, compulsory activities in the various curricula are added. With this perspective, various events are structured in Himachal Pradesh University through discussions/interactions/symposiums etc. even in local languages, which certainly help students to understand the different aspects of knowledge system.

Himachal Pradesh University encourages learning of national language Hindi by offering UG, PG and PhD courses in Hindi Language. Programmes including webinars and seminars are also offered to motivate Hindi learners and understand the cultural values permeated

by the literary works in Hindi. Further, Indian Ethos in curriculum of various disciplines teaches cultural values in Indian tradition so students imbibe value orientation while in work. Frequent field trips to local heritage sites/museum are organized to understand the value of culture and traditions. University has already adopted a policy of various official communications in Hindi.

20.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

One of the objectives of National Education Policy is to adapt and implement Outcome Based Education (OBE). Outcome based education is an educational methodology where each aspect of education is organized around a set of goals (outcomes). Students should achieve their goals by the end of the educational process. Throughout the educational experience, all students should be able to achieve their goals. It focuses on measuring student performance through outcomes. Different programmes in Himachal Pradesh University are offered focusing Outcomes Based Education (OBE) which is designed keeping in mind the regional and global requirements. Graduate attributes are meant to be indoctrinated in all HPU students in line with the vision and mission of the university. HPU has implemented outcome based education with clearly stated Programme Outcomes, Programme Specific Outcomes and Course Outcomes. Programme Outcomes (POs) define the expected outcome of the programme in terms of attitude, skills and knowledge of the students. The overall curriculum has been designed in line with these Programme Outcomes (POs) using top to down approach. Each course – theory, practical, field work/project based, workshop based, internship based is carefully designed keeping Programme Outcomes in mind. All courses are designed with outcomes centred on cognitive abilities namely remembering, understanding, applying, analysing, evaluating and creating. Apart from the domain-specific skills, learning outcomes at all levels ensure social responsiveness and ethics, as well as entrepreneurial skills so that students contribute proactively to economic, environmental and social well-being of the nation. The Course Objectives (COs) are also aligned to the POs-PSOs philosophy. The syllabi of all courses have been designed with due consideration to macro-economic and social needs at large so as to apply the spirit of National Education Policy.

21.Distance education/online education:

Immediately after its establishment in 1970, the Himachal Pradesh University took a bold step towards proliferation of knowledge and democratization of educational opportunities by setting up a Directorate of Correspondence Courses in 1971. The Directorate of Correspondence Courses has now been rechristened as the

International Centre for Distance Education and Open Learning (ICDEOL). ICDEOL is offering various Diploma, UG, PG and professional courses across different disciplines through distance mode and providing opportunities to the people across geographical boundaries.

Due to Covid -19 pandemic, educational institutions in the country are increasingly involved in using the digital platforms for engaging classes, conducting conferences and meetings. Keeping aside the negative impact of lack of face to face learning, online education has broken the geographical barriers creating interaction of experts and students from distant geographies. Due to this pandemic educational institutions have paved the way of adopting hybrid mode of education combing online and offline resources. Due to the experience gained during the closure period of Covid-19, access to online resources by educators and students will not be a constraint anymore. Faculties are encouraged to offer MOOC courses at Himachal Pradesh University which promotes the blended learning system. Himachal Pradesh University has successfully imparted content delivery in online mode i.e. through Google meet, Zoom, Whatsapp etc. during the Pandemic (COVID-19) and already prepared for the hybrid mode of teaching learning. The whole university campus is Wi-Fi enabled and smart classrooms are also available in the campus and hence there is no hindrance/obstacle in online education. The university is preparing to make available all such type of e-content material prepared by faculty members to all students through online mode to meet the future challenges.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the studentsand organises special Programmes for advanced learners and slow learners

Himachal Pradesh University assesses the learning levels of the students and have planned various student centric activities for advanced and slow learners Our students belong to different socio-economic backgrounds and in the class rooms it is a perfect blend of students from remote areas of Himachal Pradesh to international students from different cultural and linguistic diversity. This background makes them different in terms of capability to understand, critically evaluate & associate with nuances of higher education. Communication and articulation of ideas too has been observed as a challenge with few students. University has a well-placed system to address these needs through its academic excellence program. The students are categorized on the basis of their performance with respect to the performance based on Entrance Examination and first internal assessment. Special remedial lectures, consultation sessions with teachers & research scholars and buddy mentoring are conducted to improve their performance. Advance learners: Advance learners are motivated to involve in the following activities to make best use of their potential: To write research papers ,Organize co-curricular & extracurricular activities for class and organize extension activities. Coaching classes for preparation of NET/SET and other competitive examinations. The institution appoints one faculty member for every 10-15 students entering in the first year

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences

The world of academics has seen a gradual shift from traditional teacher centric learning process to the modern student centric processes where the primary focus is on involving the students in the learning process. In the traditional process teacher used to be the primary source of knowledge in the class room however, in the modern setup teacher serves more as a facilitator than the mere instructor. In the participative learning process, the peer-to-peer interaction and the involvement of majority minds in the classroom discussions add value to the quality of the output. This democratic way of learning instils confidence amongst pupils, makes them responsible and prepares them right from the beginning of their student lifecycle to handle their corporate and also the social life well. Teacher is more a facilitator of knowledge. His role is to create a perfect ecosystem for participative learning by adopting modern pedagogies, encouraging student involvement within the class room and also beyond the class room. He promotes innovative ideas and multiple situation-based interpretations amongst the budding minds. Modern teaching aids are used by the faculty members so as to make the lectures more informative and understandable.

2.3.2 - Teachers use ICT enabled tools including online resources for effective teaching and learning processes during the year

Today, it is essential for the students to learn and master the latest technologies in order to be corporate ready. As a consequence, teachers are combining technology with traditional modes of instruction to engage students in long term learning. University provides facilities of ICT learning tools such as LCD projectors in the seminar room, conference hall and some selected laboratories, Wi-Fi enabled campus, internet facilities in the computer labs. Interactive, enquiry-based learning is facilitated by an excellent student-computer ratio. Classrooms and seminar halls are equipped with Wi-Fi facility, computers, projectors,

microphones, speakers, etc. Several webinars with local to global partners were conducted during this time period. Facility & ICT enabled Tools in the University includes smart class rooms, projectors, ICT Labs. Moreover, faculty used various online platforms including Google Class Room, GMeet, ZOOM, Cisco Webex and many more. Maximum teaching work done by the faculty members in online mode using google meet web application. Teachers have share everything like books, notes, invitation etc in the whats app group of students. The institute provides facilities of ICT learning tools such as LCD projectors in the seminar room, conference hall and some selected laboratories, Wi-Fi enabled campus, internet facilities in the computer labs.

2.5.3 - IT integration and reforms in the examination procedures and processes (continuous internal assessment and end-semester assessment) have brought in considerable improvement in examination management system of the institution

The University has a well-developed automated examination system including student registration, release of hall tickets, result processing, verification and attestation of documents, etc. Automation in the conduct and management of end semester examination: Examination Branch is completely automated involving Hall Creation, Admit Card, attendance sheet, Examination Form Approval, Date Sheet Generation, Secrecy Code Generation, Student Marks Filling with Secrecy code and result Processing

Impact: The automation of examination process has expedited and made the examination management system more effective, convenient and transparent from the point of view of students, evaluators and the examination department. The smooth conduct and declaration of result during COVID time bears testimony to the fact. Circulars for exam-form filling and time tables are generated through the system with students making online payments for backlog examinations and requests for revaluation. Appointments of senior supervisors, vigilance squad, paper setters, re-evaluators and term end assessment as well as labels and templates for question papers, is automated. Revaluation and backlog results are auto generated. Finally, the system generates a list of candidates eligible for the award of degree for each programme. This auto-linking of processes results in enhanced output with bare minimum manual work, errorless functioning, quick generation of reports/documents, secure control over processes, and ability to transition seamlessly into online (synchronous and asynchronous) assessments as was needed during the recent COVID-19 crisis. Unique highlights and reforms of the HPU examination system. Malpractices and Lapses Committee investigates lapses committed by the examination staff and faculties

2.6 - Student Performance and Learning Outcomes

2.6.1 - The institution has stated learning outcomes (generic and programme specific)/graduate attributes which are integrated into the assessment process and widely publicized through the website and other documents

Himachal Pradesh University strongly feels that Learning Outcomes based curriculum, not only allows flexibility but also opens wide scope for innovation in the programme design and development of syllabus, processes of teaching, learning and evaluation. Every course has well defined Course outcomes (CO) and Learning outcomes (LO) with a proper provision of continuous review.COs as well as POs have been designed on the basis of Blooms Taxonomy. The outcomes are measurable, comprehensive and connected with the skills and knowledge that are expected to be acquired by the students after completing the program. The Program Educational Objectives (PEOs) are focused on the interest of the stakeholders and elucidate the professional objectives of the student related to specific program. POs and PSOs too are synchronized with PEOs ensuring the attainment of main objectives that learners are expected to acquire after completion of the program. Programme/course specific outcomes and learning outcomes have been designed in line with the aims & objectives of the course curriculum and its graduate attributes keeping in mind desired competencies expected from the programme and the needs of various stakeholders. The team also ensured to map the program outcomes with UGC Guidelines. Learning Outcomes of the university in general includes Knowledge, Problem analysis, Analytical Reasoning, Environment and sustainability, Ethical, Individual and team work and Life-long learning goals. The Programs of the University have imbibed the Learning outcomes focusing on knowledge, Communication Skills, Critical Thinking, Problem Solving, Analytical Reasoning, Research related Skills, Competency etc.

2.6.2 - Attainment of Programme outcomes, Programme specific outcomes and course outcomes are evaluated by the institution during the year

HPU has a well-defined process to measure the attainment of POs and PSOs through the curriculum. We adopt various direct and indirect assessment methods to measure the attainment of Program Outcomes and Program Specific Outcomes. The Program Outcomes are achieved through curriculum which offers a number of compulsory and elective courses. Each course has defined Course Outcomes that are mapped to the Program Outcomes based on their mutual correlation. Figure 1 of Attached file on CO-PO Attainment: Various direct and indirect assessment tools are used to evaluate the course outcomes of every single subject. In this method of outcome base learning different course outcomes together lead to the program outcomes.

Process to define Course Outcome attainment levels:

1. Define COs for a course and checks their quality
2. Do mapping of CO with PO's (On a scale of 1,2 & 3)
3. Align COs with questions of class tests, assignments and end semester exam
4. Prepare CO alignment sheet and decide Grade scale as follows:
5. Calculate CO's as per table below on the basis of tests, assignments and end semester.
6. Align or distribute result of CO attainment (in %) over PO's as per already done CO- PO mapping.
7. Prepare PO attainment sheet (in %) on the basis of weighted average of exit survey and employer survey. 8. Calculate the final PO attainment.

Identifying and plugging the gaps left in attainment of course outcome through plan of action. (Action taken report) for next semester.

4.2 - Library as a Learning Resource

4.2.1 - Library is automated using Integrated Library Management System (ILMS) and has digitisation facility

The university has a dedicated Central library which was established in 1970 & is housed in a uniquely designed building based on the design of Aryabhata (The first Indian Satellite). Besides this, there are 7 independent full-fledged libraries at every institute of the university (UIT, UILS, UCBS, ITS, IVS, Evening College, and

Regional Centre Dharmshala). The various departments of the university also have their own individual subject-specific libraries. The collection has grown from 15000 to more than 235570 books and journals. The learning resources and services of the library are managed through the Integrated Library Management System (ILMS) using the "KOHA" Software. The digitization of the Central Library allows a student or research scholar to read older or unique documents without damaging the original. An active subscription to DELNET enables users to access e-resources (E-journals, E-Books) through a network of 7471 libraries.

"KOHA" used for automating all the services of the library is the most advanced open-source Integrated Library Management System (ILMS). KOHA is a web-based ILMS, with a SQL database (MySQL) backend, with cataloging data stored in MARC and accessible viaZ39.50server.

6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic plan is effectively deployed

The Strategic Plan of the University builds on the foundation of quality and value-based education as the basis for excellence in education. HPU preparedperspective planfor a period of 10 years. In the strategic plan 2030, the HPU had laid stress on some vital performance indicators like research output, internationalization, new and advanced programs, establishment of Centers of Excellence, Green Campus, Rankings and accreditation, etc. It was observed that most of the domains of projected plan were achieved and hence to accelerate the future growth of the Institution a new perspective plan has been adopted. The strategic plan 2025 focuses on strengthening the already identified focus areas and further some new key areas have been identified in line with the Vision of the HPU.

The series of steps to be undertaken for the implementation of the strategic plan, keeping in mind our core values which steer us through the decision-making process, have also been listed in the plan. The deployment of the strategic plan is ensured through our robust governance structure, highly qualified human resources and state-of-the-art infrastructure. It is ensured that the set targets are achieved through accountability process comprising of review, evaluation, reporting and, planning again, where ever required.

6.4 - Financial Management and Resource Mobilization

6.4.1 - Institutional strategies for mobilisation of funds and the optimal utilisation of resources

HPU is a state University and thrives on government funding. As per the provision of the Act and Statutes of the H.P. University, apart from government funding, the major revenue generation takes place through Self-Financing/NRI Schemes. It relates to the Budget Receipts and Expenditure in respect of Departments who are running various courses under Self Financing/NRI schemes.

The departments use the money for following purposes:

- Payment of salary to teaching, non-teaching staff and giving honorarium to guest faculty.
- DS (Amalgamated Fund)
- Kerosene Heater Charges
- Repair and purchase of equipment
- Electricity bill
- TA/DA to staff
- Telephone Charges
- Viva Voce
- Library News Paper Bill
- Printing Charges
- Stationary
- AMC/insurance
- Website etc

In order to utilise the resources optimally, majority purchase is done centrally. The optimization is also achieved by making all purchases through a central purchase committee.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes by constantly reviewing the teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals

Since the inception of IQAC (2003), it has been very active in improving the quality of teaching learning process and various methodologies were adopted for achieving the learning outcomes. Departments are motivated to involve various stakeholders (Students, Teachers, Parents, Recruiters and Alumni) to improve the curriculum and other areas so as to achieve the gaol of quality education. During the years various other initiatives were taken and about 116 new faculty members were recruited to reduce the teacher taught ration significantly. With the inputs of IQAC various Divisions like Examination, HR (Establishment) etc were also automated by introducing various modules for students, teachers and staff members. Four MOUs were also signed during the year on various areas in order to improve the quality of education. University is also participating in NIRF ranking and trying to improve its rank. Student Satisfaction Survey (SSS) was also conducted regularly in order to take feedback from students and consistent efforts are also been made to work on the grey areas. Departments are also been motivated regularly to organise various conferences, seminars and workshops to acquaint students and faculty with the recent areas of research.

6.5.3 - Incremental improvements made for the preceding during the year with regard to quality (in case of first cycle) Post accreditation quality initiatives(second and subsequent cycles)

The University strives to excel on different quality initiative but due to Covid teaching learning was affected a lot. In spite of Covid 2020 pandemic, HPU has taken many initiatives to keep the momentum on. The University has purchased Cisco WebEx for the campus for conducting online classes, seminars, expert lecture, orientation Programme, and webinars. Feedback from stakeholders was also included in the curriculum. The University has upgraded the ICT facilities all over the campus including ERP for the whole campus which includes 100 percent automation of the examination system. Around 116 new faculty members were recruited during the year and most of them are Ph.Ds. The University is focused on enhancing research ability, capabilities of faculty and students by upgrading infrastructure and exposing them to different avenues of research. Some of the exponential growth under this criterion are as follows: Numbers of JRF/ SRF increased from 89 in 2018-19 to 155 in 2021-22. Consultancy revenue has also increased from 9.37 Lac (2018-19) to 22.98 lac (2021-22). Annual expenditure for purchase of new equipments has also increased from 25.93 lacs (2018-19) to 70.33 lacs (2021-22).

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e. tolerance and harmony towards cultural, regional, linguistic, communal, socio-economic and other diversities (within a maximum of 200 words)

In Himachal Pradesh University, we have students from different parts of the country and few international students are also studying in the campus. In the campus several cultural functions are organised by students of different regions and languages. To preserve identity and culture of indigenous tribes of the state, we have a dedicated institute exclusively looking after the tribal studies with one diploma course. This institute of tribal studies was serving as prestigious "Tribal Research Institute" of Ministry of Tribal Affairs, Government of India. University is also running various diploma and certification courses in regional languages and a separate Centres/ Departments are created for the same (Department Budhist Studies). We observe holiday on days of religious importance of all religions (as declared by the state Govt.)

We offer reserved seats for Kashmiri migrants, former soldiers, economically backward sections, schedule cast and schedule tribes, single girl child etc. so the classrooms finally become amalgamation of identities and representations from diverse backgrounds. There are several cultural events that University organises every year where local languages and dialects are used. Himachal Pradesh has a rich folk in its diverse dialects.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the studentsand organises special Programmes for advanced learners and slow learners

Himachal Pradesh University assesses the learning levels of the students and have planned various student centric activities for advanced and slow learners Our students belong to different socio-economic backgrounds and in the class rooms it is a perfect blend of students from remote areas of Himachal Pradesh to international students from different cultural and linguistic diversity. This background makes them different in terms of capability to understand, critically evaluate & associate with nuances of higher education. Communication and articulation of ideas too has been observed as a challenge with few students. University has a well-placed system to address these needs through its academic excellence program. The students are categorized on the basis of their performance with respect to the performance based on Entrance Examination and first internal assessment. Special remedial lectures, consultation sessions with teachers & research scholars and buddy mentoring are conducted to improve their performance. Advance learners: Advance learners are motivated to involve in the following activities to make best use of their potential: To write research papers ,Organize co-

curricular & extracurricular activities for class and organize extension activities. Coaching classes for preparation of NET/SET and other competitive examinations. The institution appoints one faculty member for every 10-15 students entering in the first year

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences

The world of academics has seen a gradual shift from traditional teacher centric learning process to the modern student centric processes where the primary focus is on involving the students in the learning process. In the traditional process teacher used to be the primary source of knowledge in the class room however, in the modern setup teacher serves more as a facilitator than the mere instructor. In the participative learning process, the peer-to-peer interaction and the involvement of majority minds in the classroom discussions add value to the quality of the output. This democratic way of learning instils confidence amongst pupils, makes them responsible and prepares them right from the beginning of their student lifecycle to handle their corporate and also the social life well. Teacher is more a facilitator of knowledge. His role is to create a perfect ecosystem for participative learning by adopting modern pedagogies, encouraging student involvement within the class room and also beyond the class room. He promotes innovative ideas and multiple situation-based interpretations amongst the budding minds. Modern teaching

aids are used by the faculty members so as to make the lectures more informative and understandable.

2.3.2 - Teachers use ICT enabled tools including online resources for effective teaching and learning processes during the year

Today, it is essential for the students to learn and master the latest technologies in order to be corporate ready. As a consequence, teachers are combining technology with traditional modes of instruction to engage students in long term learning. University provides facilities of ICT learning tools such as LCD projectors in the seminar room, conference hall and some selected laboratories, Wi-Fi enabled campus, internet facilities in the computer labs. Interactive, enquiry-based learning is facilitated by an excellent student-computer ratio. Classrooms and seminar halls are equipped with Wi-Fi facility, computers, projectors, microphones, speakers, etc. Several webinars with local to global partners were conducted during this time period. Facility & ICT enabled Tools in the University includes smart class rooms, projectors, ICT Labs. Moreover, faculty used various online platforms including Google Class Room, GMeet, ZOOM, Cisco Webex and many more. Maximum teaching work done by the faculty members in online mode using google meet web application. Teachers have share everything like books, notes, invitation etc in the whats app group of students. The institute provides facilities of ICT learning tools such as LCD projectors in the seminar room, conference hall and some selected laboratories, Wi-Fi enabled campus, internet facilities in the computer labs.

2.5.3 - IT integration and reforms in the examination procedures and processes (continuous internal assessment and end-semester assessment) have brought in considerable improvement in examination management system of the institution

The University has a well-developed automated examination system including student registration, release of hall tickets, result processing, verification and attestation of documents, etc. Automation in the conduct and management of end semester examination: Examination Branch is completely automated involving Hall Creation, Admit Card, attendance sheet, Examination Form Approval, Date Sheet Generation, Secrecy Code Generation, Student Marks Filling with Secrecy code and result Processing

Impact: The automation of examination process has expedited and made the examination management system more effective, convenient and transparent from the point of view of students, evaluators and the examination department. The smooth conduct and declaration of result during COVID time bears testimony to the fact. Circulars for exam-form filling and time tables are generated through the system with students making online payments for backlog examinations and requests for revaluation. Appointments of senior supervisors, vigilance squad, paper

setters, re-evaluators and term end assessment as well as labels and templates for question papers, is automated. Revaluation and backlog results are auto generated. Finally, the system generates a list of candidates eligible for the award of degree for each programme. This auto-linking of processes results in enhanced output with bare minimum manual work, errorless functioning, quick generation of reports/documents, secure control over processes, and ability to transition seamlessly into online (synchronous and asynchronous) assessments as was needed during the recent COVID-19 crisis. Unique highlights and reforms of the HPU examination system. Malpractices and Lapses Committee investigates lapses committed by the examination staff and faculties

2.6 - Student Performance and Learning Outcomes

2.6.1 - The institution has stated learning outcomes (generic and programme specific)/graduate attributes which are integrated into the assessment process and widely publicized through the website and other documents

Himachal Pradesh University strongly feels that Learning Outcomes based curriculum, not only allows flexibility but also opens wide scope for innovation in the programme design and development of syllabus, processes of teaching, learning and evaluation. Every course has well defined Course outcomes (CO) and Learning outcomes (LO) with a proper provision of continuous review.COs as well as POs have been designed on the basis of Blooms Taxonomy. The outcomes are measurable, comprehensive and connected with the skills and knowledge that are expected to be acquired by the students after completing the program. The Program Educational Objectives (PEOs) are focused on the interest of the stakeholders

and elucidate the professional objectives of the student related to specific program. POs and PSOs too are synchronized with PEOs ensuring the attainment of main objectives that learners are expected to acquire after completion of the program. Programme/course specific outcomes and learning outcomes have been designed in line with the aims & objectives of the course curriculum and its graduate attributes keeping in mind desired competencies expected from the programme and the needs of various stakeholders. The team also ensured to map the program outcomes with UGC Guidelines. Learning Outcomes of the university in general includes Knowledge, Problem analysis, Analytical Reasoning, Environment and sustainability, Ethical, Individual and team work and Life-long learning goals. The Programs of the University have imbibed the Learning outcomes focusing on knowledge, Communication Skills, Critical Thinking, Problem Solving, Analytical Reasoning, Research related Skills, Competency etc.

2.6.2 - Attainment of Programme outcomes, Programme specific outcomes and course outcomes are evaluated by the institution during the year

HPU has a well-defined process to measure the attainment of POs and PSOs through the curriculum. We adopt various direct and indirect assessment methods to measure the attainment of Program Outcomes and Program Specific Outcomes. The Program Outcomes are achieved through curriculum which offers a number of compulsory and elective courses. Each course has defined Course Outcomes that are mapped to the Program Outcomes based on their mutual correlation. Figure 1 of Attached file on CO-PO Attainment: Various direct and indirect assessment tools are used to evaluate the course outcomes of every single subject. In this method of outcome base learning different course outcomes together lead to the program outcomes.

Process to define Course Outcome attainment levels:

1. Define COs for a course and checks their quality
2. Do mapping of CO with PO's (On a scale of 1,2 & 3)
3. Align COs with questions of class tests, assignments and end semester exam
4. Prepare CO alignment sheet and decide Grade scale as follows:

5. Calculate CO's as per table below on the basis of tests, assignments and end semester.
6. Align or distribute result of CO attainment (in %) over PO's as per already done CO- PO mapping.
7. Prepare PO attainment sheet (in %) on the basis of weighted average of exit survey and employer survey. 8. Calculate the final PO attainment.

Identifying and plugging the gaps left in attainment of course outcome through plan of action. (Action taken report) for next semester.

RESEARCH, INNOVATIONS AND EXTENSION

3.1 - Promotion of Research and Facilities

3.1.1 - The institution Research facilities are frequently updated and there is well defined policy for promotion of research which is uploaded on the institutional website and implemented

The University, in its commitment to transform lives and to serve the society, through its pursuit of excellence in research and innovation, provides state-of-the-art infrastructure and research facilities to its faculty and research scholars. The University has a well-stated Research Promotion Policies (1.0 & 1.1) and is

been updated from time to time is available at Himachal Pradesh University website. The University in its clearly stated policy for seed money / research grant provides research grants to its faculty members in the form of equipment, consumables, technology allowances and research infrastructure. The University provides the platform and motivates its faculty members to undertake projects funded by various Ministries/Departments of Central and State Governments. Various departments are also collaborating with external agencies to seek guidance and financial support to carry out the research work. Consequently, grants amounting to a total of Rs. 24.45 Lac have been granted for different research projects by different funding agencies to different faculty members during the year 2021-22 and research infrastructure is further been strengthened in the University . Besides, in order to promote research climate, the University has recently started awarding the teacher under 'Best Researcher category' on occasion of Foundation Day of the University.

HPU has created an eco-system for innovations including Incubation centre and other initiatives for creation and transfer of knowledge.Biotechnology Incubator Centre [BIC] has been granted to the University by the HP State Industries few years back and is providing facilities/ infrastructure, training and incubation in the Centre. Since its inception the BIC has many incubates and a few of these have entrepreneured into small startups. The Institute of Vocational Studies encourages its students to learn the logistics of starting their own business in Travel and Tourism during all the semesters and separate seminars and interaction sessions with renowned travel professionals, employees and consultants are also conducted just after the commencement of every new academic session. Departments have revised the course curriculum as per the latest developments in the subject and changing academic, societal, economic, scientific and environmental needs.A special course with focus on the quantitative techniques in Geography has been introduced by the department of Geography. By doing this course students learn to collect, analyze, process and interpret the data and write the project reports at the masters level. They are also taught to use the statistical techniques in their project reports.

4.2 - Library as a Learning Resource

4.2.1 - Library is automated using Integrated Library Management System (ILMS) and has digitisation facility

The university has a dedicated Central library which was established in 1970 & is housed in a uniquely designed building based on the design of Aryabhata (The first Indian Satellite). Besides this, there are 7 independent full-fledged libraries at every institute of the university (UIT, UILS, UCBS, ITS, IVS, Evening College, and Regional Centre Dharmshala). The various departments of the university also have their own individual subject-specific libraries. The collection has grown from 15000 to more than 235570 books and journals. The learning resources and services of the library are managed through the Integrated Library Management System (ILMS) using the "KOHA" Software. The

digitization of the Central Library allows a student or research scholar to read older or unique documents without damaging the original. An active subscription to DELNET enables users to access e-resources (E-journals, E-Books) through a network of 7471 libraries.

"KOHA" used for automating all the services of the library is the most advanced open-source Integrated Library Management System (ILMS). KOHA is a web-based ILMS, with a SQL database (MySQL) backend, with cataloging data stored in MARC and accessible viaZ39.50server.

6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic plan is effectively deployed

The Strategic Plan of the University builds on the foundation of quality and value-based education as the basis for excellence in education. HPU preparedperspective planfor a period of 10 years. In the strategic plan 2030, the HPU had laid stress on some vital performance indicators like research output, internationalization, new and advanced programs, establishment of Centers of Excellence, Green Campus, Rankings and accreditation, etc. It was observed that most of the domains of projected plan were achieved and hence to accelerate the future growth of the Institution a new perspective plan has been adopted. The strategic plan 2025 focuses on strengthening the already identified focus areas and further some new key areas have been identified in line with the Vision of the HPU.

The series of steps to be undertaken for the implementation of the strategic plan, keeping in mind our core values which steer us through the decision-making process, have also been listed in the plan. The deployment of the strategic plan is ensured through our robust governance structure, highly qualified human resources and state-of-the-art infrastructure. It is ensured that the set targets are achieved through accountability process comprising of

review, evaluation, reporting and, planning again, where ever required.

6.4 - Financial Management and Resource Mobilization

6.4.1 - Institutional strategies for mobilisation of funds and the optimal utilisation of resources

HPU is a state University and thrives on government funding. As per the provision of the Act and Statutes of the H.P. University, apart from government funding, the major revenue generation takes place through Self-Financing/NRI Schemes. It relates to the Budget Receipts and Expenditure in respect of Departments who are running various courses under Self Financing/NRI schemes.

The departments use the money for following purposes:

- Payment of salary to teaching, non-teaching staff and giving honorarium to guest faculty.
- DS (Amalgamated Fund)
- Kerosene Heater Charges
- Repair and purchase of equipment
- Electricity bill
- TA/DA to staff
- Telephone Charges
- Viva Voce
- Library News Paper Bill
- Printing Charges
- Stationary
- AMC/insurance
- Website etc

In order to utilise the resources optimally, majority purchase is done centrally. The optimization is also achieved by making all purchases through a central purchase committee.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes by constantly reviewing the teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals

Since the inception of IQAC (2003), it has been very active in improving the quality of teaching learning process and various methodologies were adopted for achieving the learning outcomes. Departments are motivated to involve various stakeholders (Students, Teachers, Parents, Recruiters and Alumni) to improve the curriculum and other areas so as to achieve the gaol of quality education. During the years various other initiatives were taken and about 116 new faculty members were recruited to reduce the teacher taught ration significantly. With the inputs of IQAC various Divisions like Examination, HR (Establishment) etc were also automated by introducing various modules for students, teachers and staff members. Four MOUs were also signed during the year on various areas in order to improve the quality of education. University is also participating in NIRF ranking and trying to improve its rank. Student Satisfaction Survey (SSS) was also conducted regularly in order to take feedback from students and consistent efforts are also been made to work on the grey areas. Departments are also been motivated regularly to organise various conferences, seminars and workshops to acquaint students and faculty with the recent areas of research.

In Himachal Pradesh University, we have students from different parts of the country and few international students are also studying in the campus. In the campus several cultural functions are organised by students of different regions and languages. To preserve identity and culture of indigenous tribes of the state, we have a dedicated institute exclusively looking after the tribal studies with one diploma course. This institute of tribal studies was serving as prestigious "Tribal Research Institute" of Ministry of Tribal Affairs, Government of India. University is also running various diploma and certification courses in regional languages and a separate Centres/ Departments are created for the same (Department Budhist Studies). We observe holiday on days of religious importance of all religions (as declared by the state Govt.)

We offer reserved seats for Kashmiri migrants, former soldiers, economically backward sections, schedule cast and schedule tribes, single girl child etc. so the classrooms finally become amalgamation of identities and representations from diverse backgrounds. There are several cultural events that University

organises every year where local languages and dialects are used. Himachal Pradesh has a rich folk in its diverse dialects.
