INSTITUTIONAL TWO BEST PRACTICES 2017-18

- 1. Outreach programs-** this year remained dedicated to interact with the society and make communities aware in different information and knowledge system. Our different departments organised skill development programs in the communities and different other activities were performed including education of biodegradables.
- 2. Placement cell and enhancing activities-** University focused to strengthen placement cells established in different professional courses and even urged all the departments to find linkage with their courses to employability.
