Online Education

1. Does all programs/courses were completed on time.	Yes
--	-----

2. Measures taken to complete the syllabus of courses and programs.		Himachal Pradesh University reopened on 18 February 2020 and till 22 February 2020 we had regular classes. We were closed due to pandemic following the government guidelines till 1 June 2020. IQAC has coordinated with all the teaching departments of the University on first days of April and suggested to develop mechanism for online teaching which we initially started with our own mobile phones and gradually we adopted Google meet/ WebEx etc. following the UGC guidelines and later carried on having these online platforms for online teaching. For more than a month, all the chairpersons and department coordinators have shared their valuable experiences, new innovations and techniques to strengthen online education. This knowledge sharing process was undertaken again initially on whatsapp group created by Internal Quality Assurance Cell (IQAC) and later the discussions were carried out on Google Meet. This knowledge sharing remained very fruitful especially both for the faculty members with less technology awareness and for the trained too to know how better presentations can be made for online teaching and how more attention of students can be ensured for online teaching. When the University was reopened on 1 June 2020 for the teaching, non-teaching employees and research scholars; Hon'ble Vice Chancellor has designed a one full week visit program of entire university. In this visit, not only the problems faced by the faculty members were discussed but Vice Chancellor has motivated every individual employee to continue their academic work by following all the guidelines issued by the government time to time concerning pandemic. On 24th June, we had a meeting of all the chairpersons and department coordinators in Himachal Pradesh University auditorium well maintaining the physical distancing, where various issues related to online education were discussed. Further to strengthen online education, administrative and financial consent was provided to purchase 173 laptops to the faculty members of different departments, whereas some of the faculty members were already having laptops provided by the university previously. It was a challenge to ensure our reach to far off places of Himachal Pradesh which being a mountain state has its own challenges and several places still don't ensure good speed internet services. In these cases, we continued sending them presentations, lectures and some teaching material on their mobile phones to they stay in touch with their academic progress. The biggest advantage we have acknowledged is the decision of opening University for teaching faculty and non teaching staff which provided a peaceful atmosphere for the teaching faculty to take their online classes but free wi-fi in entire university campus also provided them opportunity of uninterrupted connection with their students. It was otherwise realized that most of the teachers are using their mobile internet for online classes and if during the time of their classes, if they receive a class on their phone it used to disconnect them with the class. So we had best use of university services during the pandemic and our biggest success is that we have conducted semester examinations (offline in the university) in November- December followed by the declaration of results and starting their new semester classes too.	
3. The period of delay in completion of syllabus (in months).		3	
4. The period of delay in conducting exams (in months).		5
