		Expected outcome	<p>Soon after its establishment in 1970 Himachal Pradesh University set up a Directorate of Correspondence Courses (DCC) with an objective of democratization of educational opportunities and proliferation of knowledge. Under DCC, many distance courses in graduation and post-graduation in social sciences, humanities commerce, teacher-training, etc. were started in order to provide education to those, to whom education through the formal mode was not accessible. Over the years, the Directorate of Correspondence Courses moved towards absorbing the emerging philosophy of distance education and adopting multimedia approach to impart instruction. In view of this, the Directorate of Correspondence Courses has now been rechristened as the International Centre for Distance Education and Open Learning (ICDEOL). Since its very inception, the ICDEOL has proved to be a pioneer institution in the field of distant education and open learning not only in Himachal Pradesh but also in north India. It has become a light house of learning for persons of all ages and genders particularly to such persons who, for different reasons, can not avail the higher course of studies as regular full time students. It has been striving to extend the reach of higher education to different sections of the society located in divergent geographical areas in the state and outside the state. It is an effort to equip the adult community with tools and skills to attain professional competence. Focusing on the rural economy, tribal region, tough terrain is one of the mission of the ICDEOL and it tries to encourage student enrolment from among weaker sections even beyond the reservation limit. Regular mode of education is not sufficient enough to reach this goal. The basic philosophy of our aim is to "Reach the Unreached". The teaching-learning process of history is closely related to the study of past not simply for the past alone; it aims to understand the present also in a critical manner. The mission and objective of the programme is to motivate the prospective learners to get acquainted with the latest findings as well as research methodology of history as a discipline. It aims to cater the growing demands of the learners not only for those who want to be a teachers or researchers, but also to those who intend to be administrators, journalists or even professionals. The school also attempts to encourage the learners to go for researches.</p>

		Expected outcome	<p>The Master of Arts (Journalism and Mass Communication) programme was started way back in 2001 through ICDEOL with the mission to teach and train the youth who intend to join Print and Electronic Media who do not get opportunity to study in regular mode due to various reasons. Keeping in view to the requirement of the media industry, our endeavour has always been to prepare good media professionals and media educators. Keeping in view the demand from the learners and requirement of media industry, the university this new two years Master's Degree with nomenclature Master of Arts Journalism and Mass Communication and scrapped the old course of MMC. The new Master of Arts (Journalism and Mass Communication) course has endeavoured to meet the new challenges of media industry.</p>

		Expected outcome	<p>Soon after its establishment in 1970 Himachal Pradesh University set up a Directorate of Correspondence Courses (DCC) with an objective of democratization of educational opportunities and proliferation of knowledge. Under the nomenclature Directorate of Correspondence Courses (DCC), many distance courses in graduation and post-graduation in social sciences, humanities commerce, teacher-training, etc. were started in order to provide education to those, to whom education through the formal mode was not accessible due to multiple constrains. Over the years, the Directorate of Correspondence Courses moved towards absorbing the emerging philosophy of distance education and adopting multimedia approach to impart instruction. In view of this, the Directorate of Correspondence Courses has now been rechristened as the International Centre for Distance Education and Open Learning (ICDEOL). Since its very inception, the ICDEOL has proved to be a pioneer institution in the field of distant education and open learning not only in Himachal Pradesh but also in north India. It has become a light house of learning for persons of all ages and genders particularly to such persons who, for different reasons, can not avail the higher course of studies as regular full time students. It has been striving to extend the reach of higher education to different sections of the society located in divergent geographical areas in the state and outside the state. It is an effort to equip the adult community with tools and skills to attain professional competence. Focusing on the rural economy, tribal region, tough terrain is one of the missions of the ICDEOL and it tries to encourage student enrolment from among weaker sections even beyond the reservation limit. Regular mode of education is not sufficient enough to reach this goal. By introducing U.G and P.G. courses in a very relevant and popular discipline like political science through distance mode of education, we can reach to the unreached.</p>

		Expected outcome	<p>: The Himachal Pradesh University was established in the year 1970, and immediately after its establishment, the Himachal Pradesh University took a bold step towards proliferation of knowledge and democratization of educational opportunities by setting up the Directorate of Correspondence Courses in 1971. The University has played a pioneering role in launching the programme of Distance Education at the Undergraduate and Postgraduate level. It was the first to impart instruction at post graduate level in social sciences, humanities, commerce and teacher training through the mode of distance education. Over the years, the Directorate of Correspondence Courses moved towards absorbing the emerging philosophy of distance education and adopting multi-media approach to impart instruction. Since its inception, the ICDEOL has been striving hard to serve the students who are otherwise deprived of higher education. It has become a lighthouse of learning for persons of all ages and genders, particularly to such persons who, for different reasons, cannot avail the higher course of studies as regular full time students. It aims to promote the holistic development through academic excellence, employability, acquisition of analytical skills and higher research. The ICDEOL aims to introduce M Com program under open and distance learning mode of education with a view to provide opportunities to access to higher education. The motive is to develop managerial skills among the rural as well as urban people. The courses are designed for all willing, qualified and working people who could not pursue the education in regular mode. The programme aims to achieve the following objectives: 1. To provide an opportunity to get a M.Com degree to those who find it difficult to pursue regular M.Com course at a University either due to their job commitments or certain other circumstances. 2. To help the learners, study at their own pace and to develop skills in matters related to commerce. 3. To provide adequate basic understanding about commerce among the students. 4. To create an additional avenue of self-employment and also to benefit various institutions by providing them with suitable qualified persons.</p>

		Expected outcome	<p>The Himachal Pradesh University was established in the year 1970, and immediately after its establishment, the Himachal Pradesh University took a bold step towards proliferation of knowledge and democratization of educational opportunities by setting up the Directorate of Correspondence Courses in 1971. The University has played a pioneering role in launching the programme of Distance Education at the Undergraduate and Postgraduate level. It was the first to impart instruction at post graduate level in social sciences, humanities, commerce and teacher training through the mode of distance education. Over the years, the Directorate of Correspondence Courses moved towards absorbing the emerging philosophy of distance education and adopting multi-media approach to impart instruction. Since its inception, the ICDEOL has been striving hard to serve the students who are otherwise deprived of higher education. It has become a lighthouse of learning for persons of all ages and genders, particularly to such persons who, for different reasons, cannot avail the higher course of studies as regular full time students. It aims to promote the holistic development through academic excellence, employability, acquisition of analytical skills and higher research. It intends to promote the discipline of Arts through teaching learning process, research and motivate the students to go for higher studies in Sociology.</p>

		Expected outcome	Himachal Pradesh is a popular tourist destination in India and few of the places of this state enjoy international reputation once global travel circuits are discussed. This is the state which receives three times more tourists than its population and similarly this state offers tremendous opportunities of employment in tourism and hospitality sector. Tourist guide is a prominent figure in the whole process of tourism movement especially to the historic monuments, trekking routes and other tours of exploratory nature. Himachal having huge potential for excursions and adventure tourism, this programme was started to produce best tourist guides for the state which would not only generate employment but provide best services to the tourists visiting this state too.
