ONE DAY SEMINAR

“Emerging Trends in Bioprocess Development”

(25th March 2022)

Organized by

**Department of Biotechnology
Himachal Pradesh University,
Shimla-171005**

About The Department

The Department of Biotechnology, Himachal Pradesh University, Shimla was established in the year 1995 with financial support from the State Government and the Department of Biotechnology (DBT), Ministry of Science and Technology, Govt. of India, New Delhi.

The major objectives of the academically progressive department are the generation of trained manpower in biotechnology and exploring the microbial diversity of extremophiles of the cold desert and hot springs of the state. To undertake research and extension activities for the development of Himachal Pradesh and to promote interaction between biotechnology-based industries and other agencies.

Since its inception, the Department has created a niche in academic and research activities both at the national and international level because of strong academic and research programs. It is a matter of great applause that its alumni have been working throughout the globe in various capacities and some have been tremendously successful entrepreneurs.
