

DEPARTMENT OF BIOSCIENCES
HIMACHAL PRADESH UNIVERSITY, SUMMER HILL SHIMLA-05

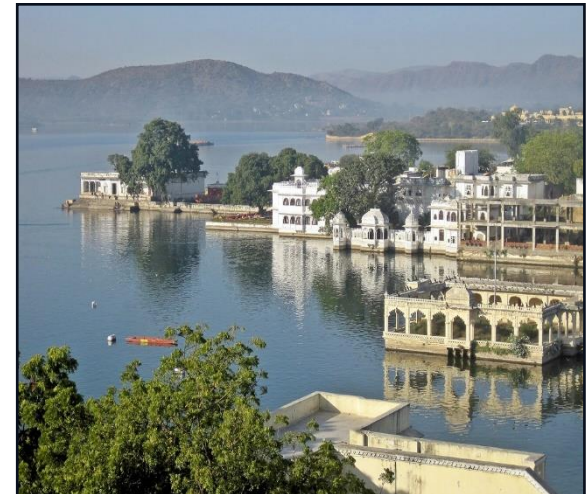

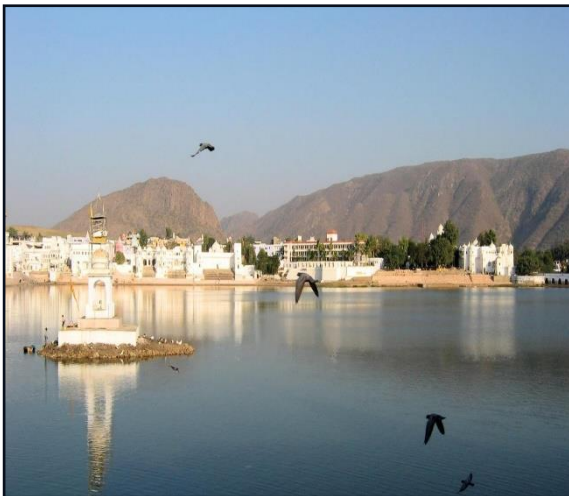

Report on Educational tour

Date 02/11/2023

A five-day educational trip was organized by the Department of Biosciences. The tour comprised students of M.Sc. 2nd, and 4th semesters and Research Scholars accompanied by faculty members Dr. Meena Kumari, and Dr. Nitesh Kumar from the Department of Biosciences. On 2nd November journey commenced at 6 am by bus and at 8 pm, students reached Jaipur Rajasthan. Students visited many places in Rajasthan. They visited Amer Fort Jaipur, Jal Mahal in Jaipur, Mehrangarh Fort and sand dunes in Jodhpur whereas Puskar Lake, and many lakes in Udaipur. During this trip, students got awareness about culture, and sculpture of Rajasthan art and also got knowledge about the historical significance of monuments of Rajasthan. Students also explored the desert biodiversity including the faunal and floral diversity of the desert and also the aquatic diversity of various lakes at Udaipur and Puskar. All the activities in the tour were done under the supervision of Dr. Meena Kumari and, Dr. Nitesh Kumar.
